## Additional candidates selected for Today's Top Six awards

A consensus all-America in football, a four-time all-America in women's soccer and a two-time all-America in water polo are among the six athletes who are fall finalists for the NCAA Today's Top Six awards.

This group joins the winter/spring finalists who were announced in the October 13, 1986 issue of The NCAA News. Six of the 12 finalists will be

selected and honored at the 1987 NCAA Convention in San Diego.

The fall finalists are Jeffrey Bregel, University of Southern California; Mike Deleray, University of California, Berkeley; Lisa Gmitter, George Mason University; Lisa Ice, San Jose State University; Craig Klass, Stanford University; and Dub Myers, University of Oregon.

Criteria used in selection for the Today's Top Six awards include academic excellence, athletics ability and achievement, and character/leadership activities. The awards are part of the NCAA honors program that includes the Silver Anniversary awards, the Award of Valor and the Theodore Roosevelt Award.

Following are biographical sketches

of the fall finalists:

### Jeffrey Bregel

Bregel, an offensive lineman, earned consensus all-America honors as a junior. He started every game during his four-year career at Southern California. He was named all-Pacific-10 Conference twice and won the Morris Trophy as the conference's top offen-

sive lineman last year. He was selected first-team all-West Coast and player of the game against Notre Dame in 1985. He has been a candidate for both the Outland Trophy and the Vince Lombardi Award.

A National Football Foundation and Hall of Fame honoree, Bregel has maintained a 3.120 grade-point average. See Additional, page 4

## Industrialist to receive Teddy

Walter Joseph Zable, president and chairman of the board of Cubic Corporation, has been named recipient of the Association's Theodore Roosevelt Award.

The "Teddy" award is the highest honor the NCAA can confer on an individual. It is presented annually at the NCAA honors luncheon during the Convention to "a distinguished citizen of national reputation and outstanding accomplishment who, having earned a varsity athletics award in college, has by a continuing interest and concern for physical fitness and competitive sport and by personal example exemplified most clearly and forcefully the ideals and purposes to which college athletics programs and amateur sports competitions are dedicated."

Zable is a 1937 graduate of William and Mary, where he competed in four sports. He was the Southern Conference low hurdles champion, and he earned first team all-South Atlantic and honorable mention all-America honors in football. He also played basketball and baseball in college. He went on to play professional football for the Richmond Arrows and the New York Giants.

After receiving his bachelor of science degree, Zable continued his graduate work at William and Mary and at the University of Florida, where he received a master's degree in physics and mathematics.

In 1951, Zable formed Cubic Corporation in San Diego. See Industrialist, page 4

Walter Joseph Zable

## Divisions to handle about 30 percent of legislation

When the Special NCAA Committee on Convention Operations recommended in 1984 that the Association's membership divisions be permitted to vote in their own separate business sessions on legislation applying only to a given division, one of the benefits envisioned was a streamlining of the Convention's general business session.

That certainly should be the case at the 1987 annual Convention next month in San Diego, because almost one-third of the 152 proposals—44 in all—are scheduled for final voting action in the division business sessions January 8. When those 44 are added to the 43 that appear in the consent packages, the general business session—scheduled for January 9 and until noon January 10—should face only 65 substantive amendments, five fewer than last year.

There has been one change in the division business session listing that appears in Appendix C of the Official Notice of the Convention, which was

mailed to the membership November 21.

In that appendix, Proposal No. 117 is listed for action in the Division II business session January 8. Constitution 5-8(f), however, requires that establishment of a division championship is by a two-thirds vote of all members present and voting; and since No. 117 would reestablish the

See Divisions, page 5

## News dates change

This issue of The NCAA News marks the end of the Monday publishing schedule. Beginning with the December 17 issue, the News will be published every Wednesday through June 10, 1987. The biweekly summer schedule will begin with the June 24 issue.

This issue includes the final 1986 football statistics for Divisions I-A, II and III. The final football attendance figures will be included in the Convention issue December 31.

## Complimentary-admissions problems face vote

(Editor's Note: This is the fourth in a series of articles outlining the legislation to be considered at the 1987 NCAA Convention. Included in this article is a review of the proposals dealing with amateurism and with membership classification issues.)

Problems in recent months with the use and misuse of student-athletes' complimentary admissions will be dealt with by voting delegates at the Association's 81st annual Convention in San Diego.

Four of the seven amendments in the amateurism grouping deal with those admissions.

And when that segment is completed, the delegates will attack the thorny issue of multidivision classification. The first two proposals in the membership and classification grouping attempt to eliminate some of the opportunities for institutions to be classified in different divisions for different sports.

There are nine proposals in the membership grouping.

Following is a review of a few of the major proposals in those two topical groupings, with a summary of all 16 of the amateurism and membership proposals concluding this article.

### Amateurism

Currently, all divisions are bound by the same constitutional provisions

regarding student-athletes' use of their permissible complimentary admissions. Those provisions say that such admissions can be provided only by a pass list and only to family members, relatives and fellow students. That situation would change considerably if the NCAA Council's Proposal No. 98 is adopted.

### Convention legislation

Under that proposal, procedures for administering complimentary admissions would be moved to Bylaw 4, where each division could establish its own procedures for handling such admissions. The amendment then establishes such a procedure for each division, differing as follows:

• Division I: Admissions still would be by the pass-list system; hard tickets could not be issued. The current restrictions as to which individuals

would receive the admissions, however, may be eliminated.

• Division II: Complimentary tickets would be used. The student-athlete would identify the persons to use them, with no restrictions on which individuals that could be, and those individuals would have to sign a receipt for the admissions.

• Division III: Complimentary tickets would be used. The student-

athlete simply would designate the individuals to receive them, with no additional procedures required.

The Missouri Intercollegiate Athletic Association disagrees with the proposed procedure in Division II and has submitted an amendment to allow the student-athlete to distribute the admissions as he or she pleases.

Also submitted for consideration is a Big Ten Conference proposal to permit use of a hard ticket instead of a pass-list system, under certain circumstances, and a proposal from eight Division I-A member institutions that would require three of the student-athlete's four permissible complimentary admissions to be given only to family members, relatives or fellow students. The fourth could be designated for anyone else.

Another amateurism proposal designed to deal with problems encountered during the last year is No. 104, See Complimentary page 4

## Renewal of CBS pact recommended

The NCAA Special Television Negotiating Committee has recommended that CBS retain exclusive television rights to the Division I Men's Basketball Championship from 1988 through 1990. The committee had considered changing to a two-network arrangement.

"In the final analysis, when we took into consideration the rights fees available for the tournament, the format of the tournament, the prime time considerations available in a single-network set-up that were not available in the two network position, and maintaining the integrity of the tournament

## Coaches could be best teachers on the faculty

By L. Jay Oliva  
The Sporting News

It is important to underscore the fact that athletics has a significant place within the academic world. Athletics is an educational adjunct. Because athletics competition teaches valuable educational lessons, our fight for its reform in colleges is worth waging.

It follows that there must be a vital role for the coach as educator. But it is a role, unfortunately, that's been obscured in the national mess we call Division I athletics.

None of the educational values of athletics can be elicited without a commitment of college and university leaders to define the coach's role and to support the coach who fulfills the duties of that role.

For educators to make any sense of the coach's role, it's important to sidestep the hype, the money and the glamour in locating another coach out there. This other coach recruits diligently, teaches athletics skills, enjoys victory, cheering crowds and financial rewards, but, above all, values himself or herself as one who teaches the lessons of sport to young men and women who will still be experiencing life long after the cheering stops.

These young men and women will carry with them, we hope, what this coach has *really* taught them. The fact is that most teachers, excellent as they may be, can have only a partial impact on individual outcomes; the coach has a major impact on an academic degree well-earned and on a substantial placement in the world of work.

A coach can impart an understanding of some of the most difficult challenges of life: dealing with victory and defeat, with criticism and praise; how to coexist with others; how to manage time and sacrifice for the common good.

And the coach can impart above all a hard-won wisdom—how to live after athletics—a wisdom that helps to create a mature human being. These lessons justify the presence among us of intercollegiate sports.

But one hard truth cannot be ignored. In the end, the leaders of the individual colleges and universities—chancellors and presidents—will decide what kind of coach with what kinds of values will fill these important positions.

Another priority for any academic leader is to separate the coach's role from the institution's financial expectations. How can society be surprised at corruption in sports if the school has laid upon the coach as his foremost responsibility the generation of a major part of the institution's operating income?

University administrators must have the guts to step between the coach and external forces. When alumni, students, journalists, legislators and even trustees become critical of the coach for the wrong reasons—reasons associated with egos and prestige rather than with the coach's educational ability—it is the president or the academic officer who must defend the coach.

Most certainly, the academic leader must know what is going on in the athletics department. Sustained awareness of the athletics program must be supported by staff members in order to follow the players' academic as well as athletics averages, to keep tabs on recruiting policies and to be aware of alumni relations.

By keeping up with the details of the coach's program, the academic leader sends a message to the coach as to where the institutional priority lies.

University leaders must go public with their dedication to the educational side of college sports. When this policy is spelled out consistently and persistently, the public's expectations will follow. And, as a crucial addendum to this policy, universities should ensure that the pay scale of coaches fits in with the whole salary scale of the institution. We ought not to pay a coach more than a Nobel Prize-winning professor.

It not only is the time of the coach, but also the time for the coach to be one of the most promising teachers in our midst.

*Oliva is chancellor of New York University.*

## College presidents are the real culprits

By Al McGuire  
Eastern Basketball Magazine

It's time we stopped whipping that automatic punching bag in Mission—the NCAA—and put the blame on the downside problems of college basketball—and our inability to handle them—where it really belongs. I'm talking about the problems we have now with recruiting violations, academics, payments under the table, student-athletes who aren't educated; let's put the blame for all this right where it belongs, in the laps of the presidents of the Division I universities.

First, you must realize that these people are a unique combination of scholar, educator, politician, fund-raiser and labor negotiator. In addition, most are also uniquely self-centered; academic Captain Queegs who are out of touch, walking around thinking there's nothing more important than finding out who stole the strawberries. Too often, when it comes to something important, university presidents are too content to play Pontius Pilate, washing their hands of whatever comes their way—or acting like an ostrich with its head in the sand, or a whale that doesn't come up for a blow quite often enough.

The truth of the matter is the president of the university should be where it's at—like the Oval Office when the red phone rings. He should

## Opinions Out Loud

# Sportsmanship has little place in big-time collegiate football

Donald Kaul  
Syndicated columnist

"It seems that to maintain a high rating in the football polls these days, you not only have to beat your opponents, you have to crush them, pulverize them, leave them for dead.

"In other words, you have to be unconscionable bullies. What ever happened to sportsmanship?

"Sportsmanship is alive and well in the Ivy League and other leagues where amateur football is played. It did not leave college football; most of college football simply deserted it for the big time.

"Let's be frank: Sportsmanship virtually has no place in big-time college football these days. It is not taught; it is not encouraged; it is barely condoned.

"Players are expected to win, not be nice guys. They take their cue from the professional game, where a player who commits a sportsmanlike act is considered a sissy.

"It used to be that a successful football team was worth a good deal of money to a school, hundreds of thousands of dollars. We're now talking millions. Is it any wonder that schools lie, cheat and steal to claw their way to the top? The real wonder, I suppose, is that not everybody does."

Robert C. James, commissioner  
Atlantic Coast Conference  
Sport magazine

"I think everyone assumes this (a national championship play-off in Division I-A) is a financial bonanza because of the Super Bowl. But I have to be shown that.

"The bowls have done so much for college football that I would hate to just eliminate them. It would take a great deal of discussion to find some way to incorporate the bowls into the play-off system; but personally, I think it can be done."

Grant Teaff, head football coach  
Baylor University  
Texas-Arkansas Football Bulletin

"I don't think there's any question but what we'll have significant improvement in that (academics) area (because of Proposition 48).

"A lot of youngsters were taken by surprise last year by the strong requirements. I think reality has set in now. I think the coaches and athletes now are keenly aware of what the youngsters have to do to qualify.

"And I think eventually we'll find that most of them can qualify—because they're working hard on it."

Sister Maria Pares, women's basketball coach  
Marquette University  
USA Today

"Women's games are different than men's. They can't be compared. Women's games are intricate and wonderfully entertaining."

Charles M. Neinas, executive director  
College Football Association  
The Daily Oklahoman

"All three television networks are bottom-line-oriented now. We have about a 20 percent increase (with new television football contracts with CBS and ESPN). It may sound self-serving, but I think it today's TV climate, we did about as well as we could have hoped to."

Dick DeVenzio, national coordinator  
Major College Players Association  
The Associated Press

"It is absurd and immoral that a coach can make half a million dollars, that \$50,000 can be spent recruiting a kid; but that kid can receive nothing beyond room, board, books and tuition.

"The whole system is weighted against the kid. Everything he does well is for the benefit of the school and the coach. It's time for a change."

George Raveling, head men's basketball coach  
University of Southern California  
Des Moines Sunday Register

"It's a gimmick (three-point shot), and it has no place in college basketball.

"College basketball is enjoying its greatest attendance ever. Television ratings are stable. Everything is going so well. I really don't see why we have to tinker with a game that's so attractive.

"What we're doing now is awarding points on a degree of difficulty. It's going to be like diving. We might as well hold up paddle boards and give a 9.2 for this shot or a 9.5 for that shot. What's next? Are we going to have four-point shots? Five-point shots? Six-point shots? Are we?

"If we're going to award points on a degree of difficulty, then a layup should be worth one point."

Robert C. James

Jeannie Demers

Jeannie Demers, basketball, softball all-America  
Juena Vista College

Des Moines Sunday Register

"I don't bring success to these programs. These programs have been successful in the past few years, and I'm just lucky to be a part of them."

Fred Lief, columnist  
United Press International

"The NCAA and the university presidents give sanctimonious lip-service to restoring integrity to big-time sports. This year, freshmen must meet tougher academic requirements; and for the first time, players will be tested for drugs at championship games. But a cupful of urine does not begin to address the more complex problems.

"If college basketball is indeed serious about cleaning house, it could start by slashing schedules that run to 40 games, ending freshman eligibility, athletics dormitories and (begin) spreading the bounty from the NCAA

*See Opinions, page 3*

## Division II can avoid 'dumping ground' tag

By George W. Schubert

Although Proposition 48 is not the perfect solution to returning the word "student" to the term "student-athlete," it is one segment of improvement and needed change. It is a move in a positive direction in the expectation of what a student-athlete profile should represent.

It now is time for Division II to move forward with academic standards and academic expectations for student-athletes. Already, there are far too many incidents of athletes who cannot meet the academic requirements of Proposition 48 at Division I institutions; therefore, these athletes have matriculated to Division II institutions for the prime purpose of athletics participation. Division II institutions do not need a reputation of housing student-athletes who cannot meet minimal academic requirements.

Credibility within athletics programs is difficult to maintain.

Too often the incorrect assumption is made that all student-athletes are "dumb" and that all coaches cheat. It is too bad that some student-athletes, a few coaches and some segments of the media have created this picture.

Nevertheless, this image of athletics programs is visualized by many people. For this reason and sound academic reasons, it is imperative that Division II institutions adopt Proposition 48 or a proposition very similar in academic requirements.

*Schubert is faculty athletics representative at the University of North Dakota.*

# The benefits of athletics participation are many

By Timothy W. Gleason

Intercollegiate athletics has been taking a beating of late in the nation's media. From the various writings of columnists and commentators, it would appear that college athletics has no redeeming virtue.

The truth of the matter is that intercollegiate athletics will continue to be one of the most prolific avenues to educational opportunity. Millions of young Americans have been offered free education based upon athletics ability. Without that, the high cost of education would have prevented many of these men and women from attending college.

Athletics ability does not guarantee educational success by any stretch of the imagination. Success, whether it be educational or athletics, is determined by the individual.

Many choose to take advantage of their athletics scholarships by educating themselves and setting the stage for their life's work. Conversely, others waste the opportunity by not attending classes or not applying themselves to their studies.

The problem is that those who do not take advantage of their opportunities gain far more publicity than those who do. Those of us in collegiate athletics know of hundreds and hundreds of cases where student-athletes have graduated and become productively involved in society as doctors, lawyers, businessmen and businesswomen. Many never would have reached their goals had it not been for athletics scholarships.

Few people know that Dr. William J. DeVries, the renowned heart surgeon who implanted the first artificial heart, probably could not have enrolled in the University of Utah's medical school had it not been for a track scholarship. There are numerous success stories like Dr. DeVries', albeit not as dramatic, that quietly go unnoticed.

Athletics does not discriminate between Black and white, rich and poor, cultured and noncultured. One of the inherent beauties of athletics is its blindness to social class. Through the intercollegiate experience, anyone from any walk of life can position himself or herself in the mainstream of society and reach out for the American dream.

If an institution of higher learning can pride itself on its music and drama and art, why should athletics be considered any less rewarding? Sport is an art. It's a showcase of human talent similar to all other disciplines requiring physical excellence. If the American public is so attracted by college athletics—and indeed, all evidence indicates that it is—why shouldn't it be an integral part of our system of higher education?

Colleges and universities make entrance provisions for the gifted artist or musician who may not stack up intellectually. Society not only accepts this, it appreciates and benefits from the results. Moreover, the individual gets a chance to develop skills in a setting that might otherwise not be available. Everybody wins. Athletics should be thought of in the same vein.

Intercollegiate athletics, just as the American system, is far from being a

## Soccer play-off to be on ESPN

The 1986 National Collegiate Women's Soccer Championship will be shown nationally on a tape-delay basis by ESPN this month.

The championship, which was played November 23, will be shown at 9 a.m. Eastern time December 10, and again at 3 a.m. Eastern time December 26.

North Carolina captured its fourth women's soccer title in five years with a 2-0 victory over Colorado College in the championship contest.

negative influence; nor will it ever be close to that. Some of the problems we face are unique to college sports. Others, such as drug abuse, are microcosms of society in general.

We have laid more groundwork for improvement in intercollegiate athletics in the past three years than in any similar period in our history. The National Association of Collegiate Directors of Athletics has led the assault on the drug war with numerous drug-education and testing clinics and audio-visual materials. The NCAA has organized a Presidents Commission to combat issues of academic integrity and recruiting concerns. Third, major college directors of athletics have formed an autonomous organization to seek more con-

Timothy W. Gleason

trol over legislative matters.

Though the mechanism for improvement is in place, we'd be fooling the public and ourselves to suggest that all is well and good in our industry. College athletics is becoming more and more complex. Administrators and coaches need to do a little more soul-searching and add some legislative bite to our moral bark.

We will continue, however, to protect the harvest from our fields of endeavor. Athletics teaches the value of teamwork, goal-setting and achievement. It brings together people of all races and ethnic backgrounds who embrace each other in victory and defeat. Athletics teaches human beings to stretch their potential and manage their emotions.

Surely, all those learning experiences are an integral part of education. Surely, they belong in our system—a system that indeed can blend academics and athletics into a positive force for student-athletes.

Gleason is assistant executive director of the National Association of Collegiate Directors of Athletics.

## Buffalo athletics committee proposes to upgrade sports

Baseball currently is the only varsity sport at the State University of New York, Buffalo, that competes in NCAA Division I. However, things soon could change at the institution, which apparently has become the first to take advantage of a May 1985 decision by the SUNY system's board of trustees.

"We soon will become the first institution in the system to submit a formal plan for the upgrading of the intercollegiate athletics program," said Dick Baldwin, the school's associate director of public affairs. Prepared by a specially appointed intercollegiate athletics board, the report has been forwarded to Buffalo President Steven Sample, who will submit it to SUNY system Chancellor Clifton Wharton.

If approved, the plan would upgrade several men's and women's sports to Division I status (football Division I-AA) by 1990. A two-tiered priority structure has been developed for the plan, with teams classified in Tier I to receive higher priority in terms of rates of increase in funding levels and the numbers of grants-in-aid allotted.

Sample appointed the board, which

Division I Men's Basketball Championship. With nearly \$1 million on the table for a Final Four berth, the money has become too great a seduction.

"There also could be a move to grant tenure to basketball coaches. As it now stands—come each April—college coaches, like migrating geese, begin criss-crossing the country in search of new homes."

**Ron Polk, head baseball coach**  
Mississippi State University  
*Baseball America*

"I think it (new College World Series format awaiting approval of the NCAA Executive Committee) meets our goals and expectations. I think we're all going to like it, because it gives us 48 teams, it's double-elimination (until the final) and it's in Omaha."

**Pete Alamar, assistant football coach**  
Pacific Lutheran University  
*Sports information release*

"There's a lot of talk about corruption at the Division I level... but there's corruption at this level (Division II) as well. And with the NCAA's new academic rule (Proposition 48), several Division II schools are getting better athletes because they are marginal students who don't meet Division I standards. We're not one of those schools, but we're still doing well. And that's gratifying."

**Tracy Ringolsby, columnist**  
*Baseball America*

"Congratulations to the NCAA for not totally selling its soul to television to get a network contract for the championship game of the College World Series."

"After coming up with an ill-conceived plan, the NCAA reconsidered and has come up with a proposal that serves both the interest of college baseball and demands of the networks."

"Under the plan, there will be eight six-team regionals. The eight winners will advance to Omaha, where they will be split into two double-elimination divisions. The winner of each division will meet for the title in a game that can be scheduled for a set time at the whim of television."

**Jon Verner, information director**  
Ohio Valley Conference  
*OVC Today*

"I dream of the day when the NCAA can do away with the lists of banned substances and drug testing.... We shouldn't have to use them."

**Fred L. Miller, athletics director**  
San Diego State University  
*The San Diego Union*

"The bowls have served their purpose. It's time to move on. The time is now. I think the (Fiesta Bowl) could provide the impetus."

**Johnny Orr, head men's basketball coach**  
Iowa State University  
*The Associated Press*

"To be perfectly honest with you, when I was building a program I thought it was a necessity (having freshmen eligible to play with the varsity). But I think it would be better for the kids if they had a year to come in and get adjusted."

Johnny Orr

Danny Manning

**Danny Manning, varsity basketball player**  
University of Kansas  
*The Kansas City Times*

"We (student-athletes) are the nucleus of the NCAA. I guess I basically feel left out."

"I think they should take some time to listen to us. I think the athletes ought to form a committee and create a full program (on television). We are the ones who are there every day and practice every day."

"The NCAA is not the presidents; you are talking about the teams."

**Henry O. Nichols, coordinator**  
Special NCAA Committee on Basketball Officiating  
*USA Today*

"The officials want to work to get better and to make the game better, and they'll work at it more than people realize."

"Using television (replays) can help in some areas, and I think it will be an overall plus. But if we start using television for help on judgment situations—fouls, traveling, out of bounds—it would not serve a good purpose."

"There are so many calls and noncalls in a game that to use television too much would have the game stopped all the time. That would be bad for everyone—the players, the fans."

**Edward G. Robinson, head football coach**  
Grambling State University  
*The Associated Press*

"...you've got to know what it takes to win and be willing to do what it takes."

"When it's all over, they don't want to know how many storms you encountered while at sea. They want to know if you brought the ship in. That's what is important."

**Jonathan Rand, columnist**  
*The Kansas City Times*

"It is doubtful many go into coaching to see how much pressure they can stand. Among the reasons cited by coaches are the teaching aspect; belief they can make a difference in an athlete's life; camaraderie; or a clear-cut verdict, with a victory or defeat, how well they have performed."

"Obvious but seldom-cited incentives include money and ego gratification. Coaches realize the down side of their business, but most are egotistical enough to believe they can jump the hurdles over which many colleagues trip."

## College

Continued from page 2

be the boss. Whatever happens at the athletics department, the buck should stop at the president's desk.

What I'm trying to say to you, presidents of the universities, is that you don't need the committees. You can put together as many studies and committees and athletics boards and consultants, but what it still comes down to is that you are the boss. You're the only one who can say, enough is enough.

I'm going to say it once again: The people who should be held accountable for the current problems are the presidents of the universities. Not the guys at the NCAA, because they work at the pleasure of the presidents. The presidents should decide the policies instead of hiding behind committees or boards that never say anything—those people who dance in the shadows until the band goes home.

You should set the rules. You have the authority to put responsibility in the proper area of your athletics departments. For example, if we claim that we have the best faculties in the world at our universities, then why is it so difficult to educate a person who gets a 650 rather than a 700 on his SAT? If it's that difficult, then I think we'd better start checking on the ability of our faculty. Are we there to educate everyone or just to educate the educated?

I'm saying to the college presidents: You make decisions. Make 'em even if they're unpopular. It's time to play hardball or college sports is going to lose its credibility throughout the country. Right now, there's a credibility gap in discipline, in the academic end and, perhaps most important, on the moral side of things. So far, you've been content to put the spotlight on the wrong people—the athletics departments, the coaches, the student-athletes. They're not in charge.

Come on, you presidents. Come out and say what you want. The NCAA answers to you. If you guys have the courage to say what shouldn't be, then it won't be. But it's time for you to take charge of your own destiny inside the jock world. No more shadow-boxing in the Ivory Tower.

Reprinted with the permission of the publisher.

## Legislative Assistance

1986 column No. 41

### Football and basketball volunteer coaches

Division I member institutions may permit an uncompensated volunteer to participate in football and basketball coaching responsibilities, provided no more than one such person is involved in a sport. Further, the volunteer coach may receive no compensation or remuneration of any sort, except those expenses directly related to his or her coaching duties (limited to training-table meals, transportation to and from room and board at away games, and a maximum of four complimentary tickets), from the institution's department of athletics, and such an individual is not permitted to recruit or scout off campus.

### Awards from booster or alumni groups

Constitution 3-1-(i) sets forth a summary of awards that a student-athlete may receive without jeopardizing eligibility for intercollegiate athletics. Under the provisions of Constitution 3-2, an institution's responsibility for the conduct of its intercollegiate program shall include responsibility for the acts of its booster and alumni groups. This being the case, any award given to a student-athlete (regardless of whether the student-athlete has exhausted intercollegiate athletics eligibility) by an alumni or booster group of the institution must conform to the provisions of Constitution 3-1-(i) and must comply with the limitations on institutional awards given to student-athletes in recognition of intercollegiate athletics participation. An institution would be held responsible through the Association's enforcement procedures if one of the institution's booster organizations provided improper awards (e.g., television sets) to a graduating senior based on the theory that the student-athlete's eligibility is exhausted.

### Amateur status determination

Member institutions are reminded that an individual must meet NCAA standards of amateurism set forth in Constitution 3-1 to be eligible for intercollegiate athletics competition at an NCAA member institution. It should not be assumed that an individual considered an amateur by a sport's national governing body, or, in the case of a foreign athlete, by the amateur rules for the athlete's country, is automatically eligible under NCAA legislation. Therefore, member institutions should continue to emphasize to their student-athletes and coaches that there are differences in various organizations' amateur regulations and that care must be exercised to ensure that the individual is and will remain eligible under NCAA amateur regulations.

*This material was provided by the NCAA legislative services department as an aid to member institutions. If an institution has a question it would like to have answered in this column, the question should be directed to William B. Hunt, assistant executive director, at the NCAA national office.*

## Committee Notices

Member institutions are invited to submit nominations for interim vacancies on NCAA committees. Nominations to fill the following vacancy must be received by Fannie B. Vaughan, executive assistant, in the NCAA office no later than December 19, 1986.

**Wrestling:** Replacement for John D. Bridgers, University of New Mexico, resigned from the institution. Appointee must be a Division I administrator.

## Additional

Continued from page 1

average while earning a degree in business finance. He is the recipient of the David X. Marks Scholar-Athlete Award and has received Pac-10 all-academic honors.

Bregel spends his summers as a clerk in a prominent Los Angeles law firm. He assists the Shriners civic group with visits to children in hospitals.

### Mike Deleray

A three-time all-Pac-10 Conference selection in soccer, Deleray was the conference player of the year and scoring champion in 1985. He holds both the career and single-season scoring records at California. He has earned four letters and has served as team captain twice. He was designated one of the nation's top 16 freshmen by Soccer America after the 1983 season. He made the all-Far West team in 1985 and was invited to the Olympic Training Center in Colorado last summer.

A 1985 academic all-America, Deleray is a history honors student. He has maintained a 3.730 grade-point average.

He is involved in soccer camps and clinics. He also trains guide dogs for the blind.

### Lisa Gmitter

A four-time all-America in women's soccer, Gmitter has accounted for 17 game-winning goals during her career at George Mason. She is the school record-holder in both career and single-season scoring. She was named Soccer America's player of the year in 1985 and was a member of the 1985 U.S. National women's soccer

team. A team captain and four-year starter in college, Gmitter has been named to the National Collegiate Women's Soccer Championship all-tournament team twice and was the most valuable player in 1983. She played for the East squad in the National Sports Festival in 1984.

Gmitter has maintained a 2.910 grade-point average while earning a degree in health and physical education. She is a member of the health, physical education and recreation club at George Mason, and she serves as a coach for area girls youth teams. She also has been involved in fund raising for multiple sclerosis.

### Lisa Ice

A finalist for the 1986-87 Broderick Award in volleyball, Ice has been a four-year starter at San Jose State. She was named Pacific Coast Athletic Association coplayer of the year this season. She was a second team all-America in 1985 and earned honorable mention honors in 1983. She played on the gold-medal team at the 1983 National Sports Festival. A team captain, Ice holds school records for season hitting percentage and career digs. She was named the most valuable player at two tournaments this season and was honored as the Greater San Jose Sports Association athlete of the year.

Ice has maintained a 3.160 grade-point average while earning a degree in human performance/athletics training. She has served as a student trainer for women's athletics at San Jose State. She received the 1986 Hugh Center Trust scholarship. Ice also works at summer youth volleyball

camps.

### Craig Klass

One of two most valuable players at this year's NCAA Water Polo Championship, Klass helped Stanford to its second consecutive title and sixth championship overall. He was named to the all-tournament team last season. He is a two-time first-team all-America and was named to the second team in 1983. Klass was the Pac-10 Conference water polo player of the year last season and is a member of the U.S. National team. He led Stanford in scoring in 1985 and scored four goals in this year's NCAA title game.

Klass is pursuing a degree in economics and has maintained a 3.150 grade-point average. He works as a lifeguard during summers and is the 1987-88 USA Water Polo, Inc., athlete representative.

### Dub Myers

The 1986 NCAA 1500-meter champion, Myers has earned four letters in track and three in cross country at Oregon. He set a meet record in the mile at the 1986 Twilight Meet with a time of 3:55.31. He is the 1986 Pac-10 champion in the 1500 meters and won the 800 meters in 1985. He has been in the top five in the 1500 meters at the NCAA championship each year and was sixth at the 1984 Olympic Trials.

While earning a degree in computer information science, Myers has maintained a 3.780 grade-point average. As a class project, he helped write a computer program for Goodwill Industries.

## Complimentary

Continued from page 1

which the Council is offering to permit an institution to pay expenses for the parents and teammates of a seriously injured student-athlete to be with that individual in a life-threatening situation or at the funeral.

### Membership

The North Coast Athletic Conference is proposing elimination of all multidivision classification opportunities involving Division III by September 1, 1991.

That is Proposal No. 105, leading off the membership and classification grouping. It would specify that a Division III member must be classified in that division in all of its sports, and it would prohibit Divisions I and II institutions from being classified in Division III in any sport.

An alternative to that is offered by the Ohio Athletic Conference. Proposal No. 106 would not prevent Division III members from continuing to be classified in Division I in a sport, but it would prohibit Divisions I and II institutions from being classified in Division III in any sport.

Neither of those proposals affects multidivision classification between Divisions I and II; rather, both deal only with classification in Division III and, in No. 105, classification of Division III members.

Another proposal of note in the membership segment would reestab-

lish indoor and outdoor track as two separate sports for purposes of sports sponsorship requirements in Division II (No. 112). Currently, that division is the only one that counts track as a single sport.

### Summary

Following is a summary of the seven amateurism proposals and the nine membership/classification proposals appearing in the Official Notice of the 1987 Convention:

#### Amateurism

No. 98: Authorize each division to establish procedures for administering complimentary admissions and establish such a procedure in each division, including removal of the current restrictions as to which individuals may receive such admissions.

No. 99: Amend No. 98 to specify that a Division II student-athlete may receive and distribute complimentary admissions directly.

No. 100: Permit recipients of complimentary admissions to receive a hard ticket under certain conditions.

No. 101: Permit the student-athlete to award one complimentary admission to someone who is not a relative, family member or fellow student.

No. 102: Authorize the use of a student-athlete's name and picture by member institutions in certain activities; repeal Case No. 44 and the interpretation thereof published in the September 8, 1986, issue of The NCAA News.

No. 103: Permit member institutions to pay actual expenses of enrolled student-athletes to participate in official tryouts in basketball for the Olympic Festival.

No. 104: Permit the payment of expenses for parents and teammates of a student-athlete in certain situations involving the student-athlete's

death or life-threatening injury or illness.

#### Membership/Classification

No. 105: Eliminate multidivision classification of sports for all Division III members and prohibit Divisions I and II institutions from being classified in Division III in any sport.

No. 106: Prohibit Divisions I and II institutions from being classified in Division III in any sport.

No. 107: Give authority to the NCAA Council to grant an exception to the constitutional four-sport sponsorship requirement for NCAA membership if an institution can demonstrate insufficient student interest to meet that requirement.

No. 108: Require that three of the minimum six sports for men and three of the minimum six sports for women for Division I membership must be team sports.

No. 109: Permit a conference that is seeking classification in Division I-A to use the conference-membership waiver that currently is available to existing members of Division I-A.

No. 110: Permit the Council to grant exceptions to the minimum numbers of participants or intercollegiate contests if an institution can demonstrate that its noncompliance was of a technical and unintentional nature.

No. 111: Permit member institutions that do not meet the sports sponsorship criteria to be placed on probation for a year rather than being placed in the "unclassified" membership category.

No. 112: Reestablish indoor and outdoor track as separate sports for purposes of the Division II sports sponsorship requirements.

No. 113: Allow a Division III student-athlete with at least a 3.500 high school grade-point average, an ACT score of at least 24 or an SAT score of at least 1,050 to qualify for an Academic Honor Award in that division, regardless of the student's high school class rank.

## Industrialist

Continued from page 1

Diego and built the electronics component company into one of the top business concerns in California. He began the one-man operation with a \$5,000 investment. Today, Cubic Corporation is a \$332 million, highly diversified, electronics-based company with 4,500 employees in eight divisions.

Prior to forming Cubic, Zable was a project supervisor at General Dynamics Convair. He has held engineering and management posts with Sperry Gyro-space Company. He also has worked in key technical and scientific administrative positions with Federal Telecommunications Laboratories of IT&T, Flight Research Company, and Newport News Shipyard and

Drydock Company.

In 1962, Zable was named to the Sports Illustrated silver anniversary all-America team. He also has received the National Football Foundation and Hall of Fame's Gold Medal Award. He is a member of the College Football Hall of Fame and the William and Mary Athletic Hall of Fame.

Zable was chosen as the executive headliner of 1982 by the San Diego Press Club. That same year, he was named manufacturer of the year by the California Manufacturers Association. He also has been selected San Diego's man of the year and industrialist of the year.

## Divisions

Continued from page 1

Division II Men's and Women's Indoor Track Championships, that proposal will have to be voted upon in the general business session beginning the following day.

This will be the second year for final voting in the division business sessions, based on Constitution 5-7-(e)-(2): "Legislation pertaining to only a single division of the Association may be acted upon in a separate legislative session of that division. Such division action shall be reported to the joint session of all three divisions, and the rescission provisions of Constitution 6-3-(c), 6-4-(d), Bylaw 13-1-(g) and O.I. 1300 may be applied at that time...."

The division business sessions begin at 8 a.m. Thursday, January 8, with Divisions I-A, I-AA, I-AAA, II and III meeting in five separate sessions until noon. Only Division I-AAA does not have the right to adopt legislation applying to its members alone.

That afternoon, all Division I members will come together for the full Division I business session from 1:30 to 5 p.m., and Divisions II and III will continue during those hours.

As listed in the Official Notice of the Convention, Division I-A will vote on four proposals (Nos. 94, 109, 129 and 135) and Division I-AA will

vote on only one (No. 96) during their morning sessions.

The Division I business session that afternoon will be by far the busiest, with 26 voting actions listed, including two roll-call votes designated by the Presidents Commission. The Division I proposals are Nos. 47, 54, 62 (roll call), 63 (roll call), 67 through 70, 73 through 77-A, 79, 84, 86, 93, 95, 108, 116, 128, 130, 131 and 136 through 138.

Division II has nine proposals to act upon, and it has all day to do it. Three of those, however, are Commission-designated roll-call votes; and they all deal with initial standards for athletics eligibility in that division, which should occupy some time.

The Division II agenda lists Convention proposals 64 through 66 (all by roll call), 77-B, 78-A, 91, 92, 112 and 147.

Meanwhile, Division III will vote six times—on Proposal Nos. 78-B, 87, 113 and 132 through 134. That division also plans to have several break-out discussion sessions during the day January 8 to permit small-group exchanges on matters of importance to the division.

The results of all division votes will be posted in the Convention registration area the evening of January 8 and will be distributed to all delegates at the beginning of the general busi-

ness session at 8 a.m. Friday, January 9.

As the general business session reaches each of the single-division proposals in their numerical sequence, the chair will call the delegates' attention to the action taken by the appropriate division the day before. It is at that time that any delegate wishing to move for rescission of the division's action should make such a motion.

Each division's actions will stand unless rescinded by the full Convention.

Each division also will elect its members of the NCAA Council during the division business sessions, and Divisions I and II will elect new vice-presidents. The general business session elects a new president and secretary-treasurer.

## Missouri Valley Conference to assist Special Olympics

The Missouri Valley Conference and its eight member institutions are teaming up to sponsor activities and provide services that will benefit Special Olympics, the world's largest program of sports training and recreation for the mentally handicapped.

MVC Commissioner James A. Haney said the league has approved a plan whereby each conference school will get involved in some capacity with Special Olympics in its local area.

"This is a wonderful association for the Missouri Valley Conference," Haney said. "This is an opportunity for the conference to offer some assistance and show support for a very worth-

while program."

Some conference schools already were implementing programs for Special Olympics before the conference plan was initiated.

Wichita State University, for example, made a \$5 contribution to the Kansas Special Olympics for every season basketball ticket purchased through November 21.

Wichita State also participated in an intrasquad scrimmage in November, with proceeds from the scrimmage going to the Kansas Special Olympics.

Other areas of participation by MVC schools include sponsoring a training school for Special Olympics coaches and athletes; donating facilities for local Special Olympics events, and having members of the basketball team visit Special Olympics agencies, schools, workshops and group homes.

In addition to involvement by the conference schools, the league office in St. Louis will provide assistance in securing volunteers for Special Olympics events, award a Special Olympics athlete of the year for basketball in each league city and provide air time for a 30-second spot on Special Olympics during telecasts of league basketball games this season.

## Eligibility Rulings

### University of the Pacific

The eligibility of a basketball student-athlete who received benefits in violation of NCAA Constitution 3-1-(a)-O.I. 2 was restored subsequent to the first intercollegiate basketball date of the 1986-87 season countable under Bylaw 3-3. The committee also noted that the student-athlete in question must repay the amount of improper expenses received prior to his participation.

### Various Institutions

The eligibility of basketball student-athletes who participated as basketball players in a commercial movie, in violation of Constitution 3-1-(a)-(3), was restored subsequent to the first three intercollegiate basketball dates of the 1986-87 season countable under Bylaw 3-3. The committee also noted that each student-athlete in question must repay the amount of improper benefits received prior to January 1, 1987.

# Testaverde, Hurricanes can equal Lujack, Irish feat of '47

By James M. Van Valkenburg  
NCAA Director of Statistics

Miami's (Florida) Vinny Testaverde won the Heisman Trophy to the surprise of absolutely no one. Now, the only question left is whether he can become the first quarterback in almost 40 years to combine the Heisman with a national championship for his team. Notre Dame's Johnny Lujack is the last quarterback to do that in 1947.

The answer will come January 2 against another perfect-record team, Penn State, in the Sunkist Fiesta Bowl, in a prime-time television slot usually occupied by "Miami Vice." The national title is enough incentive, of course, but Testaverde and Miami want to wipe out a bad bowl memory lingering from a year ago, when they took a 10-1 record to the Sugar Bowl and lost to Tennessee, 35-7.

Testaverde is the national passing-efficiency champion at 165.8 rating points—fourth highest ever. That merely confirmed the impression he left with an amazing performance against Oklahoma September 27—the day he wrapped up the Heisman in a 28-16 victory over the 1985 national champions. He was 21 for 28 for 261 yards and four touchdowns against the Sooners squad that became the first team in history to sweep all four major defensive statistical championships, including pass defense. Testaverde averaged 9.3 yards per attempt for the season and 9.3 that day against the Sooners. Oklahoma coach Barry Switzer said Testaverde was the best passer his team had faced in his 21 years as head coach and assistant there.

The second-place man in the Heisman voting, Temple's Paul Palmer, won the national rushing crown, set a record for season all-purpose yardage and had a shot at 5,000 career rushing yards entering his final game—numbers that virtually would assure him of the Heisman almost any other year. Testaverde is only the second quarterback to win it in the last 15 years (Boston College's Doug Flutie was the other, in 1984).

Did he feel the pressure down the stretch of living up to his Oklahoma performance? "When you are surrounded by great athletes and the season goes like this one has, you don't feel any pressure," Testaverde said with typical modesty. He is an authentic nice guy, even though he has had ample opportunity to be spoiled by four adoring sisters and two doting parents.

He is one of the game's bigger quarterbacks at 6-5 and 218, yet he has amazingly quick feet and is quite strong. He has worked like an over-achiever in the weight room and showed great patience in waiting three years behind Jim Kelly and Bernie Kosar at Miami. Testaverde, from Elmont, New York, on Long Island, set the Miami school mark of 6,058 passing yards in a little more than two seasons. His career passing efficiency of 152.9 is second all-time only to Brigham Young's Jim McMahon (156.9; his last year was 1981).

## Passing and total offense

Michigan's Jim Harbaugh, the national passing-efficiency champion in 1985, is right behind Testaverde this season, and his career 149.6 is fourth. He also ranked third in the Heisman voting. His 10.07 yards per attempt this season led the country.

Testaverde's 26 touchdown passes this season led the country, and he suffered only nine interceptions. He did not win the total-offense crown, though. That went to San Jose State junior Mike Perez, a junior college transfer in his very first season in I-A football. Perez averaged 329.9 rushing-passing yards per game before going down with a shoulder injury in the ninth game. He led the team to a surprise 9-2 season and may be able to play in the California Bowl. South Carolina's Todd Ellis, only a freshman, was second. Ellis' 3,020 passing

Passing-efficiency title goes to Vinny Testaverde, Miami (Fla)

yards and 20 touchdown passes are I-A freshman records, as are his 2,975 total offense yards and 270.5 yards-per-game average. Louisiana State's Tom Hodson led all freshmen in passing efficiency at 142.9—sixth place overall. But he missed the national freshman mark of 148 by Florida's Kerwin Bell in 1984.

Perez, 6-1 and 205, hit two touchdown passes in the last 42 seconds to upset Fresno State, 45-41. Fresno State had gone unbeaten since 1984. It was an incredible game and sent San Jose State on the road to the Pacific Coast Athletic Association championship.

Kevin Sweeney, the losing quarterback that day despite a superb performance, went on to break Flutie's I-A career record for passing yardage at 10,623 (Flutie had 10,579) despite

Temple's Paul Palmer tops in rushing, all-purpose running

career rushes at 1,215 and led all senior rushers in scoring at 294 points (to 264 for Palmer). Bartalo's division-leading scoring average this season is 10.4 points per game.

Palmer and Bartalo may have monopolized the statistical crowns and topped the career charts, but they were far from the whole story in rushing, scoring and all-purpose running.

Auburn senior Brent Fullwood, overshadowed by teammate Bo Jackson, the 1985 Heisman winner, in previous years, averaged a remarkable 8.33 yards per rush, one of the top marks in history. For a time, he seemed to have a shot at the all-time high of 9.35 set by Oklahoma's Greg Pruitt in 1971. Fullwood finished fourth in yards per game, Bartalo third and Toledo senior Kelvin

victory at Southern California with a 56-yard punt return in the closing minutes. Brown was third in all-purpose yardage at 1,937. Cal State Fullerton running back Rick Calhoun was a distant second to Palmer.

Palmer is fourth in career all-purpose at 6,609 yards and Bartalo is eighth at 5,892.

Texas Christian's Tony Jeffery set single-game rushing records for yards per carry (minimum 15 carries) at 21.4 yards in a half (270) and yards in a season opener (343) vs. Tulane. On the career rushing chart, Cincinnati's Reggie Taylor reached 4,242 yards and Miami's (Ohio) George Swann 4,172. Central Michigan sophomore Rodney Stevenson is No. 2 in scoring, just above Georgia's Lars Tate.

## Receiving and all runbacks

The top stories in receiving (other than the exploits of Tim Brown detailed above) are Long Beach State senior Mark Templeton, teammate Charles Lockett, Arizona's Jon Horton, Brigham Young's Mark Bellini and San Jose State's Kenny Jackson.

Templeton won the receiving championship at nine catches per game, and his career total of 262 breaks the all-time I-A record set 21 years ago by Tulsa's Howard Twilley, whose 261 came in three seasons. Templeton played four.

Templeton's 99 catches this season is a record for a running back, as is his 18 in one game against Utah State. Teammate Lockett is eighth on the all-time chart at 191, and their 453 is a record for any pair on the same team (they totaled 4,871 yards and 30 touchdowns). Lockett's 2,902 career yards leads all current players.

Next in career yards among seniors are Bellini (2,429) and Horton (2,389). Stanford's Brad Muster, only a junior, is third in total catches among current players at 172.

Rod Smith, a junior split end at Nebraska, is declared the national champion in punt-return average under seldom-used NCAA Executive Regulation 5-2-(d). Even though he missed the 1.2 returns per game required for ranking, if he is given two more returns for zero yards (making 1.2 per game), his average would be 16.2, exceeding the 15.1 by Long Beach State's Kwante Hampton. Smith had 12 for 227, or 18.9.

The kickoff-return champion is Clemson senior Terrance Rouhlac, who averaged 33 yards per return to edge Penn State's Blair Thomas (31.9).

The interceptions crown goes to Testaverde's teammate at Miami, junior Bennie Blades, with 10 in 11 games for .91 per game, edging Oregon State sophomore Teddy Johnson, who had nine in 11 games. On the

career chart, Blades is tied for the lead among active players at 17, with another season left. Air Force senior Tom Rotello also has 17, with Oklahoma State senior Mark Moore and Stanford senior Toi Cook next, both at 16 career steals.

A pair of juniors, Utah's Loren Richey and Louisiana State's Wendell Davis, are 2-3 behind Templeton in the receiving race. Davis' 1,244 yards led all receivers, as did the 12 touchdown catches by Miami's (Ohio) Andy Schillinger, another junior. Schillinger's 20.8 yards per catch was highest among the top 50 receivers in catches per game. As mentioned, Notre Dame's Brown was second.

## Punting and field goals

Top kicking honors are spread among four players. Mississippi senior Bill Smith set four national career punting records. Washington senior Jeff Jaeger set a career record for total career field goals, Arkansas senior Greg Horne is the national punting champion this season at 47.2 yards per punt, and Virginia Tech sophomore Chris Kinzer is the national field-goal champion at exactly two per game.

Smith, a 6-2½, 225-pounder from Little Rock, Arkansas, created a career record of 44.33 yards per punt with his remarkable exploits, using a minimum of 250 career punts. He set three more all-time records—88 punts of at least 50 yards, 32 consecutive games with at least one 50-plus punt and 36 games in which he averaged at least 40 for the day.

Jaeger's 80 career field goals is one more than John Lee kicked for UCLA during 1982-85 for the previous career record. Consider that Jaeger made three field goals all season in six attempts for his 1-8 high school team in Kent, Washington, his senior year; that he did not receive one scholarship offer from a college; almost had to beg Washington coaches for a tryout as a walk-on, and was so awed during his first day of practice as a freshman that he nearly fainted. Even after winning the kicking job, he figured that if he missed two straight field goals, he would be gone. He was 20-for-26 as a freshman and won a scholarship his sophomore year.

A freshman, Texas' Alexander Waits, was second in the punting race at 46.13, edging the 46.05 by Texas Christian sophomore Chris Becker. On the career charts, Horne reached seventh at 44.5, using a minimum of 100 punts. John Dietrich of Ball State is second among seniors with 63 career field goals.

Juniors Greg Montgomery of Michigan State (45.8) and Barry Helton of Colorado (45.3) can go for career records next season.

Texas senior Jeff Ward tied a record. His field goals provided the winning margin in 10 games over his career.

In career kick-scoring, Jaeger reached second at 358 points and Alabama's Van Tiffin seventh at 312. Both Van Tiffin and Oklahoma's Tim Lashar finished their careers making their last 135 extra-point kicks without a miss to share that record (Tiffin was perfect over his entire career, while Lashar missed twice in 170 attempts). Lashar set a record for a season this fall by making all 60 of his kicks (others have also been perfect, but for fewer kicks).

Arizona's Gary Coston set a freshman record by making 21 field goals. He was in a four-way tie for second in the final rankings with Texas A&M's Scott Slater, Notre Dame's John Carney and Fresno State's Barry Belli.

Champion Kinzer also led the country this season in game-winning kicks at five for the 8-2-1, Peach Bowl-bound Virginia Tech team and was 8-for-10 from at least 40 yards with a longest kick of 50 yards.

Three players led with 62-yard field goals this season—Dietrich, Missouri's Tom Whelihan and Minnesota's Chip Lohmiller.

## Football notes

playing most of the season with an injury to his non-throwing shoulder.

Flutie's career total offense record of 11,317 was not threatened, however, although Sweeney's final 10,252 is second all-time. Stanford senior John Paye is next in passing at 7,669, followed by San Diego State's Todd Santos, only a junior, at 7,493 and Colorado State senior Kelly Stouffer, 7,142. Paye reached 17th on the all-time yardage list. Santos will have an outside chance at Sweeney's record next season.

In career total offense behind Sweeney are Paye at 7,538 (22nd all time), Mississippi State's Don Smith (a 1,868-yard career rusher, second to Tulsa's Steve Gage at 1,966), 7,097, Oregon's Chris Miller, 6,841, and Santos, 6,825.

## Rushing, scoring and all-purpose

Palmer's winning rushing total of 1,866 yards is ninth highest ever, and his 2,633 all-purpose yards breaks the old I-A mark of 2,559 by Southern California's Marcus Allen in 1981. Palmer missed the per-game mark of 246.3, set back in 1937 by Byron "Whizzer" White of Colorado. It still stands as the oldest major record in the book. Palmer averaged 239.4.

Until Palmer came along, Bill Cosby was the most famous Temple running back. Nicknamed "Boo Boo" by his great grandmother (after the cartoon character who was Yogi Bear's sidekick), Palmer weighed only 160 pounds (now 180) in high school. That and his borderline grades scared off some recruiters, but he hit the books and the weight room under coach Bruce Arians. He has an uncanny ability to set up his blockers, headed by blocking back Shelley Poole, 5-9 and a wide-body 219 pounds, who says, "Paul makes his blockers look good." Palmer's career total of 4,895 rushing ranks sixth, just ahead of the scoring champion, Colorado State senior Steve Bartalo (4,813), a fierce competitor and B student who set a I-A record for

Farmer second. Minnesota's Darrell Thompson led all freshmen in rushing at 1,240 yards, including a freshman-record 205 in his first game.

Notre Dame junior Tim Brown just missed the all-time season record of 15 yards per all-purpose play by Nebraska's Johnny Rodgers, the 1972 Heisman Trophy winner. Brown averaged 14.8 and needed just 31 more yards to break Rodgers' mark. He had it—temporarily—on a 97-yard kickoff return against Penn State but received credit for only 18 yards on the play because of a clipping penalty. Primarily a receiver like Rodgers, Brown averaged 20.2 yards per catch, is third in kickoff-return average at 27.9 and set up the winning touchdown in the 38-37 comeback

Terrance Rouhlac, Clemson, tops kickoff-return category

# Oklahoma wins a record six categories in team statistics

Oklahoma is the first team in Division I-A football history (this is the 50th season of official NCAA national rankings) to win all four major defensive statistical titles in a season and the first to win six major statistical crowns (of eight available). Oklahoma nearly won seven titles—it was a close second in total offense.

The Sooners thus smash a 27-year-old national record set in 1959 by Syracuse, which won three offensive and two defensive crowns that year in a perfect 10-0 regular season that earned Ben Schwartzwalder's team a No. 1 sweep in the national polls. The Orangemen then beat Darrell Royal's 9-1 Texas team in the Cotton Bowl to affirm their ranking; the final polls in those days were held before the bowls.

Oklahoma won the national crown last year despite an early loss to Miami (Florida) but lost again to Miami this 10-1 season, despite Vinny Testaverde's big day, Oklahoma won the pass-defense crown, allowing just 108.9 yards per game. Just as important, Oklahoma allowed just 4.6 yards per attempted pass—also best in the nation (next: Auburn 5.1 and Miami 5.2). Against its other 10 foes, Oklahoma allowed four yards per attempt, 93.7 per game and three touchdowns. Testaverde that day averaged 9.3, gained 261 and threw for four TDs.

The pass-defense title is the key to Oklahoma's sweep, led by linebacker Brian Bosworth. No team had ever led in both rushing and passing defense. Six teams had won three defensive crowns—Santa Clara in 1937, Duquesne in 1941, Duke in 1943, Penn State in 1947, Auburn in 1957 and Rutgers in 1976.

Oklahoma's total-defense figure of 169.6 rushing-passing yards allowed per game is the lowest in 19 years, since Nebraska's 157.6 back in 1967. The Sooners gave up only 6.6 points per game, allowing 42 fewer total points than second-place Auburn (Oklahoma's margin over No. 2 Nebraska in total defense was a whopping 724 yards).

Speaking of huge margins, Oklahoma outgained No. 2 Nebraska in rushing offense by a fantastic 1,092 total yards, averaging 404.7 (fourth highest ever behind three other Oklahoma teams) to Nebraska's 305.5 over 11 games. In per-game terms, however, Oklahoma's margin of 107.5 over Virginia Tech in 1956 (Bud Wilkinson's national champions averaged 391 rushing) was even larger because that was over 10 games. Oklahoma's winning scoring average is 42.4 points per game, with Miami (Florida) second.

San Jose State, leading the country's most-improved race in won-lost terms, broke Brigham Young's three-year hold in both passing and total offense, averaging 312.5 (lowest by a winner since 1978) and 481.4 (lowest by a winner since 1976), respectively.

Michigan edged Colorado for first in net punting. Miami (Ohio) edged Miami (Florida) in turnover margin, with Arkansas a close third.

## Division II leaders

North Dakota State quarterback Jeff Bentrin is getting much deserved attention for becoming the first NCAA collegian in history in any division to win three national scoring championships and for breaking one of Walter Payton's records.

Quarterbacks Chris Petersen of UC Davis, the Division II passing champion, and Tod Mayfield of West Texas State, the total offense champion, both show impressive season and career numbers and records. And North Carolina Central's Robert Clark becomes the No. 3 receiver in NCAA history in all divisions in terms of career receiving yardage.

But certainly one of the most remarkable seasons in any division ever is that achieved by the rushing champion, Texas A&I's Johnny Bailey, who smashed Herschel Walker's all-divisions freshman rushing record by

Chris Petersen, UC Davis, Division II leader in passing efficiency

nearly 400 yards. At 2,011 yards, he is only the third back in NCAA history in all divisions to reach 2,000 yards rushing in a season. The other two were Southern California's Marcus Allen, 2,342 in 1981, and Nebraska's Mike Rozier, 2,148 in 1983. Walker had 1,616 for Georgia in his freshman season of 1980. All three were Heisman Trophy winners (Walker winning it in 1982, the others as seniors in 1981 and 1983).

Bailey did it with the help of fullback Heath Sherman, who as a freshman tailback in 1985 rushed for 1,111 yards. Sherman not only yielded his tailback spot to Bailey without a complaint, he paved Bailey's way with some great blocking while piling up 1,515 rushing yards (fourth) and reached No. 2 nationally in scoring behind Bentrin.

Bailey, 5-9 and 180, is not particularly fast but has great moves and quickness. Sherman is strong and fast. Bailey led Yates High School in Houston to the Texas state class 5A championship in 1985. Sherman is from El Campo, about 60 miles from Houston. They already have set some remarkable two-man records and have two seasons left together. They combined for 3,526 rushing yards and 41 touchdowns this season, an all-time, all-divisions NCAA record for two players in the same backfield.

Before this season, only one team in NCAA history in any division had two 200-plus rushing efforts in one game. Tulsa's pair of Gordon Brown and Steve Gage in a 1985 game. Bailey and Sherman amazingly did that in back-to-back games this season. Bailey had 244 and Sherman 216 against North Dakota September 13, and a week later vs. East Central Oklahoma, Bailey had 207 and Sherman 206.

A shy and quiet lad, Bailey set four division records in addition to his 2,011 yards. His 182.8 rushing yards per game broke a 35-year-old record; his 2,425 all-purpose yards is a record; his 7.42 yards per carry is a record using a minimum of 260 carries, and his five 200-yard games set another

Johnny Bailey, Texas A&I, the top rusher in Division II

division mark.

Bentrin, a 6-foot, 195-pounder from Andover, Minnesota, averaged 13.8 points to win an unprecedented third scoring crown. The legendary Tom Harmon of Michigan won two in 1939 and 1940. So did Oklahoma's Billy Sims, another Heisman winner, in 1978 and 1979. They are the only double-winners in Division I-A.

In Division II, Payton won two straight (1973 and 1974) at Jackson State, as did George Works at Northern Michigan (1973 and 1974). In Division III, Daryl Johnson of Wash won it in 1980 and tied for the 1981 scoring title.

Bentrin's 64 rushing touchdowns are one above the career mark set by Payton, but Payton still holds the records for total TDs at 66 and points (464 to 386 for Bentrin). Bentrin is the first Division II player to rush for more than 2,000 yards and pass for more than 3,000 over a career. His 2,946 rushing out of his team's option offense is a division record and second in NCAA history in quarterback rushing to the 3,299 by Tampa's Fred Solomon, the I-A record-holder (1971-74).

Petersen set division records for career efficiency at 164 points, career-interception avoidance (minimum 400 attempts) at 2.35 percent (13 of 553) and season-completion percentage at 70.1 percent this fall.

Mayfield's 321.2-yard average outpaced Michigan Tech's Dave Walter and Petersen for the total offense crown. Walter's 8,366 yards in career total offense misses the record by just 20 yards. Angelo's Ned Cox is fourth at 8,097 and fourth in passing at 7,843.

Clark ended up at 4,271 in career receiving yards, third on the all-time collegiate career list behind Mississippi Valley State's Jerry Rice, 4,693 in 1981-84, and Bruce Cerone, who had 4,354 in a career that ended in 1969 at Emporia State.

Clark and teammate Robert Green combined for 6,568 yards in four seasons, an NCAA collegiate record for one pair of receivers. Each set a

division mark by catching at least one pass in each of the 40 games each played.

Jeff Tiefenthaler, who came to South Dakota State on a track scholarship from a tiny town of 600 (Armour, South Dakota), set a record by catching at least one touchdown pass in 25 games (including a record 14 straight in 1984-85; he played in 36). He finished third in divisional career yards at 3,621.

Mayfield's favorite target, senior Stan Carraway, won the season receiving title (8.5), while Tiefenthaler's 1,534 yards receiving was first.

## Division III leaders

The exploits of Denison's Chris Spriggs were well covered in the November 10 Notes, but here is a final update on this one-of-a-kind performer, a tailback in the only single-wing offense in all of college football.

Spriggs is, as mentioned, the first player in college football history in any division to rush for more than 4,000 yards and pass for more than 2,000 over a career. His 4,248 rushing ranks third in Division III history. He passed for 2,799, giving him 7,047 total offense for 35 career games, or 201.3 yards per game—an average not equalled by any tailback when the single wing was football's state-of-the-art offense before World War II (and when conditions and rules were much different, including two way play—offense and defense; rules then making passing much more difficult).

Emory and Henry's Sandy Rogers, the rushing champion with a division-record 1,730 yards for 157.3 per game, was well covered in the November 24 notes, but an interesting story has developed since then. In the team's closing game, Maryville (Tennessee) set up its defense to stop Rogers at all cost, inviting Emory and Henry quarterback Gary Collier to pass the football.

Collier did just that, completing 17 of 25 for 302 yards and four touchdowns. That game elevated Collier above the 15 attempts per game needed for ranking and made him the national passing-efficiency champion at 158.9 rating points, edging Montclair State's Walter Briggs (155.1). Previously, Collier did not appear in the rankings because he did not have enough attempts to qualify.

As a result, Emory and Henry is the first NCAA team in any division to have both the rushing and the passing champion the same year. An important footnote, however, is that the passing title before 1979 was determined by completions. If the passing title had been determined as it is now, New Mexico State would have had back-to-back double champions with passer Charley Johnson (1959 and 1960) and rushers Pervis Atkins in 1959 and Bob Gaiters in 1960. Tulsa would have had rusher Howie Waugh and passer Ron Morris in 1951; and in Division II, Hanover in 1948 had rusher Hank Treesh and passer Jim Peterson. But one must substitute "leaders" for "champions."

Rogers is eighth in career rushing in Division III at 4,005 yards. In career total offense, season total-offense champion Larry Barretta of Lycoming is fifth at 7,320, Spriggs seventh, Briggs ninth at 6,537 and Dean Ulrich of Alma 11th at 6,457. By the way, another Denison single-wing tailback, Clay Sampson in 1977-80, is the only player in NCAA history to rush for more than 3,000 yards (3,726) and to pass for more than 3,000 (3,194).

In career receiving, Catholic's Walt Kalinowski reached fourth with 219 catches, Jersey City State's Vincent Dortch sixth at 206 and Ripon's Steve Feyrer ninth at 196. Wisconsin-Platteville's Mike Hintz reached third in career interceptions at 27, and Bishop's Will Hill tied for fourth with 25.

Tom Tiefenthaler, a junior running back for Merchant Marine, set a season record in all-purpose running at 2,008 (917 rushing, 349 receiving,

171 in punt returns and 571 in kickoff returns).

Stony Brook junior Chuck Downey, a 5-8, 165-pound receiver from Louisville, Kentucky, had a record-breaking season in runbacks. His 31.2-yard average in punt returns set a record. His four punt-return touchdowns broke the record of three, but Knoxville's Keith Winston also had four this season (89, 72, 64 and 55 yards). Downey also had a kickoff-return TD, giving him a record five on all-kick returns; and his interception-return TD gave him another record of six TDs in returns of all kinds.

Keith Furr, a teammate of Rogers and Collier, tied a single-game record when he returned two punts for touchdowns against Tennessee Wesleyan.

## National trends

The final national statistics trends figures are virtually the same as those reported in the November 24 notes: Scoring reached all-time-record heights in Divisions I-A and I-AA, while passing and total-offense yardage barely missed the record highs set a year ago in both divisions.

In I-A, the new scoring mark is 45.4 points per game, both teams combined, breaking the 44.7 set a year ago. Touchdown passes set a record at 2.20 per game, breaking the 2.16 set in 1982. Passing emphasis also hit a new high, as 38.1 percent of all rushing-passing plays were passes, breaking the 38 percent set in 1984. However, total passing yards (370.2) missed the record 372.2 of a year ago, as did total offense yards (706.0 vs. 710.5), even though efficiency was virtually identical to last season's record levels. Pass completion percentage was 53.7, yards per attempted pass 6.81 and yards per total-offensive play 4.95, compared to 53.7, 6.82 and 4.95 a year ago. Field goals per game (2.14) came down a second straight year, even though accuracy (65.2 percent) was up a bit (the record: 68.2 in 1984).

In I-AA, the new scoring mark is 45.4, breaking last year's 44.2. Both passing yards per attempt (6.60) and total-offense yards per play (4.87) set records. But passing emphasis (40 percent), passing yards (372.8), total-offense yards (688.6) and pass completion percentage (49.7) all just missed the records set a year ago of 40.5, 374.6, 689.8 and 50.4, respectively. So did touchdown passes at 2.45 vs. 2.46. So why the scoring increase? Field goals set a record at 1.72 per game (vs. 1.61 a year ago), and FG accuracy was a record 60.7 percent (breaking the 60.3 in 1983), but that was only about one-fourth of the scoring increase. The rest came from more rushing touchdowns.

## Pacific-10 leads

The Pacific-10 Conference leads the race for the best nonconference record in I-A this season with 21-8 for .724; but bowl results could hand it to the Southeastern Conference, now 31-13-1 for .700. Each conference has six teams in bowls, and there are two Pac-10 vs. SEC games—Washington-Alabama in the Sun and Southern California-Auburn in the Florida Citrus. Next are the Big Ten Conference at 19-13 for .594, Southwest Athletic Conference 13-9 for .591, Eastern independents 22-16-2 for .575 and Atlantic Coast Conference 12-11-3 for .519. All others are under .500.

In I-AA, using only games against I-AA nonconference opponents, Southern independents lead at 27-7-2, followed by the Gulf Star Conference 16-10-1, Yankee Conference 13-9, Gateway Collegiate Athletic Conference 7-5, Big Sky Conference 8-7 and Colonial Athletic Association 13-12. When games vs. I-A teams are included, only three are above .500—Southern independents 28-11-2, Gulf Star 17-11-1 and Yankee 14-12. This is because I-AA teams as a group were 17-47-2 (.273) against I-A teams

See Oklahoma, page 14

# Seattle Pacific gets a 'first' with its second soccer crown

Host team Seattle Pacific became the first Division II school to win back-to-back soccer titles with a 4-1 victory over Oakland in the NCAA Men's Division II Soccer Championship December 6. The title is the Falcons' fourth overall.

Seattle Pacific, making its fourth straight appearance in the championship game, jumped out to a 2-0 lead in the first three minutes of the contest. Sophomore defender Chris McDonald scored at 2:02 with help from Chuck Sekyra and Scott Cairns Jr.

Junior Mark Faller scored off a corner kick at 2:54, with the assist going to McDonald. Oakland's lone goal came at 39:19. Senior forward Marty Haven scored, while Simon Mayo and Erik Enyedy were credited with assists.

Seattle Pacific, which has won titles in 1978, 1983, 1985 and 1986, closed out the year with a 16-4-2 record. Oakland ended the season at 12-6-3.

**Championship**  
Seattle Pacific.....2 2-4  
Oakland.....1 0-1

First half: SP—Chris McDonald (Chuck Sekyra and Scott Cairns Jr.), 2:02; SP—Mark Faller (Chris McDonald), 2:54; OU—Marty Hagen (Simon Mayo and Erik Enyedy), 39:19.

Second half: SP—Matt Smith (Craig Ottosen), 55:53; SP—Bob Bruch (penalty kick), 79:44.

Shots on goal: Seattle Pacific 17, Oakland 9. Saves: Seattle Pacific 3, Oakland 2. Corner Kicks: Seattle Pacific 4, Oakland 2. Fouls: Seattle Pacific 14, Oakland 21. Attendance: 4,100 (estimated).

## Championships Summaries

### Division I-AA Football

**Quarterfinal results:** Arkansas State 55, Delaware 14; Eastern Kentucky 24, Eastern Illinois 22; Georgia Southern 55, Nicholls State 31; Nevada-Reno 33, Tennessee State 6.

**Semifinal pairings:** Georgia Southern (11-2) at Nevada-Reno (13-0); Eastern Kentucky (10-2-1) at Arkansas State (11-1-1).

### Division II Football

**Semifinal results:** North Dakota State 35, Central State (Ohio) 12; South Dakota 42, Troy State 28.

**Championship pairings:** North Dakota State (12-0) vs. South Dakota (11-2) December 13 at Palm Bowl, Florence, Alabama.

### Division III Football

**Semifinal results:** Salisbury State 44, Ithaca 40; Augustana (Illinois) 41, Concordia-Moorhead 7.

**Championship pairings:** Salisbury State (13-0) vs. Augustana (Illinois) (11-0-1) December 13 at Amos Alonzo Stagg Bowl, Phenix City, Alabama.

### Division I Men's Soccer

**Semifinals:** Duke 3, Harvard 1; Akron 1, Fresno State 0.

**Finals:** Duke (17-5-1) vs. Akron (17-3-3)

December 13 at the Tacoma (Washington) Dome.

### Division I Women's Volleyball

**First-round results:** Pacific def. Idaho State, 15-7, 15-9, 15-4; San Diego State def. UC Santa Barbara, 15-11, 15-8, 9-15, 15-11; San Jose State def. Cal Poly-San Luis Obispo, 15-7, 14-16, 15-11, 15-11; Hawaii def. U.S. International 15-5, 15-4, 15-8; Texas-Arlington def. Southwest Texas State, 9-15, 15-3, 15-7, 15-6; Louisiana State def. Arizona, 15-12, 5-15, 15-12, 12-15, 15-9; Georgia def. Texas A&M, 5-15, 15-4, 15-10, 15-6; Texas def. Duke, 15-8, 15-3, 3-15, 15-0; Nebraska def. Pittsburgh, 11-15, 15-5, 15-10, 15-7; Penn State def. Wyoming, 13-15, 15-2, 15-7, 15-4; Western Michigan def. Colorado St., 16-14, 15-2, 15-12; Illinois def. Northern Iowa, 9-15, 15-1, 15-6, 15-10; Loyola-Marymount def. UCLA, 1-15, 9-15, 15-8, 15-12, 16-14; Stanford def. Oregon, 15-9, 15-7, 10-15, 15-4; Arizona State def. Pepperdine, 15-9, 15-11, 15-3; Brigham Young def. Washington, 15-4, 15-8, 15-10.

**Regional pairings:** At San Jose State: Pacific (35-3) vs. San Diego State (37-8), San Jose (28-6) vs. Hawaii (30-6); at Texas—Texas-Arlington (29-9) vs. Louisiana State (34-8), Georgia (33-7) vs. Texas (26-5); at

Nebraska—Nebraska (26-5) vs. Penn State (38-4), Western Michigan (27-6) vs. Illinois (35-2); at Brigham Young—Loyola-Marymount (24-7) vs. Stanford (22-9), Arizona State (27-6) vs. Brigham Young (39-2).

### Division II Women's Volleyball

**Regional results:** Cal State Northridge def. Florida Southern, 15-11, 15-11, 15-9; Mississippi-Women def. Navy, 15-8, 15-9, 15-17, 15-7; Cal State Northridge def. Mississippi-Women, 15-11, 15-5, 15-8; Nebraska-Omaha def. New Haven, 15-7, 15-8, 15-12; Grand Valley State 12-15, 15-10, 15-10, 15-8; Cal State Sacramento def. Minnesota-Duluth 15-8, 15-2, 15-13; North Dakota State def. Portland State, 15-6, 15-2, 15-10; North Dakota State def. Cal State Sacramento, 13-15, 15-8, 15-3, 10-15; UC Riverside def. Northern Colorado, 15-7, 15-8, 15-3; Central Missouri State def. Regis (Colorado), 15-11, 15-8, 15-4; UC Riverside def. Central Missouri State, 11-15, 15-6, 13-15, 15-12, 15-11.

**Semifinals pairings:** At Cal State Sacramento December 12—Cal State Northridge (36-5) vs. Nebraska-Omaha (44-3); North Dakota State (43-11) vs. UC Riverside (27-7). Winners play for the championship December 13.

## 1986-87 NCAA championships dates and sites

### FALL

**Cross Country, Men's:** *Division I champion*—University of Arkansas, Fayetteville; *Division II champion*—Edinboro University of Pennsylvania, Edinboro, Pennsylvania; *Division III champion*—College of St. Thomas, St. Paul, Minnesota.

**Cross Country, Women's:** *Division I champion*—University of Texas, Austin; *Division II champion*—California Polytechnic State University, San Luis Obispo, California; *Division III champion*—College of St. Thomas, St. Paul, Minnesota.

**Field Hockey:** *Division I champion*—University of Iowa, Iowa City, Iowa; *Division III champion*—Salisbury State College, Salisbury, Maryland.

**Football:** *Division I-AA, 9th*, Tacoma Dome, Tacoma, Washington, December 19, 1986; *Division II, 14th*, Braly Municipal Stadium, Florence, Alabama, December 13, 1986; *Division III, 14th*, Amos Alonzo Stagg Bowl, Phenix City, Alabama, December 13, 1986.

**Soccer, Men's:** *Division I, 28th*, Tacoma Dome, Tacoma, Washington (University of Washington host), December 13, 1986; *Division II champion*—Seattle Pacific University, Seattle, Washington; *Division III champion*—University of North Carolina, Greensboro, North Carolina.

**Soccer, Women's:** *National Collegiate champion*—University of North Carolina, Chapel Hill, North Carolina; *Division III champion*—University of Rochester, Rochester, New York.

**Volleyball, Women's:** *Division I, 6th*, University of the Pacific, Stockton, California, December 18 and 20, 1986; *Division II, 6th*, California State University, Sacramento, California, December 12-13, 1986; *Division III champion*—University of California, San Diego, La Jolla, California.

**Water Polo, Men's:** *Champion*—Stanford University, Palo Alto, California.

### WINTER

**Basketball, Men's:** *Division I, 49th*, Louisiana Superdome, New Orleans, Louisiana (University of New Orleans host), March 28 and 30, 1987; *Division II, 31st*, Springfield Civic Center, Springfield, Massachusetts (American International College and Springfield College hosts), March 20-21, 1987; *Division III, 13th*, Calvin College, Grand Rapids, Michigan, March 20-21, 1987.

**Basketball, Women's:** *Division I, 6th*, University of Texas, Austin, Texas, March 27 and 29, 1987; *Division II, 6th*, Springfield Civic Center, Springfield, Massachusetts (American International College and Springfield College hosts), March 19 and 21, 1987; *Division III, 6th*, campus site to be determined, March 20-21, 1987.

**Fencing, Men's:** *43rd championships*, University of Notre Dame, Notre Dame, Indiana, March 16-18, 1987.

**Fencing, Women's:** *6th championships*, University of Notre Dame, Notre Dame, Indiana, March 19-21, 1987.

**Gymnastics, Men's:** *45th championships*, University of California, Los Angeles, California, April 23-25, 1987.

**Gymnastics, Women's:** *Division I, 6th*, University of Utah, Salt Lake City, Utah, April 24-25, 1987.

**Ice Hockey, Men's:** *Division I, 40th*, Joe Louis Arena, Detroit, Michigan (Michigan State University host), March 26-28, 1987; *Division III, 4th*, campus site to be determined, March 20-21, 1987.

**Rifle, Men's and Women's:** *8th championships*, Xavier University, Cincinnati, Ohio, March 20-21, 1987.

**Skiing, Men's and Women's:** *34th championships*, University of Alaska, Anchorage, Alaska, March 4-7, 1987.

**Swimming and Diving, Men's:** *Division I, 64th*, University of Texas, Austin, Texas, April 2-4, 1987; *Division II, 24th*, Belmont Plaza Pool, Long Beach, California (California State University, Chico, host), March 11-14, 1987; *Division III, 13th*, site to be determined, March 19-21, 1987.

**Swimming and Diving, Women's:** *Division I, 6th*, IU-PU Natatorium, Indianapolis, Indiana (Indiana University, Bloomington, host), March 19-21, 1987; *Division II, 6th*, Belmont Plaza Pool, Long Beach, California (California State University, Chico, host), March 11-14, 1987; *Division III, 6th*, site to be determined, March 12-14, 1987.

**Indoor Track, Men's:** *Division I, 23rd*, The Myriad, Oklahoma City, Oklahoma (University of Oklahoma host), March 13-14, 1987; *Division III, 3rd*, University of Chicago, Chicago, Illinois, March 13-14, 1987.

**Indoor Track, Women's:** *Division I, 5th*, The Myriad, Oklahoma City, Oklahoma (University of Oklahoma host), March 13-14, 1987; *Division III, 3rd*, University of Chicago, Chicago, Illinois, March 13-14, 1987.

**Wrestling:** *Division I, 57th*, University of Maryland, College Park, Maryland, March 19-21, 1987; *Division II, 25th*, Southern Illinois University, Edwardsville, Illinois, March 6-7, 1987; *Division III, 14th*, State University of New York, Buffalo, New York, March 6-7, 1987.

### SPRING

**Baseball:** *Division I, 41st*, Rosenblatt Municipal Stadium, Omaha, Nebraska (Creighton University host), May 29-June 7, 1987; *Division II, 20th*, Patterson Stadium, Montgomery, Alabama (Troy State University host), May 22-27, 1986; *Division III, 12th*, site to be determined, May 28-31, 1987.

**Golf, Men's:** *Division I, 90th*, Scarlett Golf Course, Columbus, Ohio (Ohio State University host), June 10-13, 1987; *Division II, 25th*, Columbus College, Columbus, Georgia, May 19-22, 1987; *Division III, 13th*, Ohio Wesleyan University, Delaware, Ohio, May 19-22, 1987.

**Golf, Women's:** *6th championships*, University of New Mexico, Albuquerque, New Mexico, May 27-30, 1987.

**Lacrosse, Men's:** *Division I, 17th*, Rutgers University, New Brunswick, New Jersey, May 23 and 25, 1987; *Division III, 8th*, campus site to be determined, May 16, 1987.

**Lacrosse, Women's:** *National Collegiate, 6th*, University of Maryland, College Park, Maryland, May 16, 1987; *Division III, 3rd*, University of Maryland, College Park, Maryland, May 16, 1987.

**Softball, Women's:** *Division I, 6th*, Seymour Smith Softball Complex, Omaha, Nebraska (Creighton University host), May 20-24, 1987; *Division II, 6th*, on campus site, May 15-17, 1987; *Division III, 6th*, Eastern Connecticut State University, Willimantic, Connecticut, May 16-19, 1987.

**Tennis, Men's:** *Division I, 103rd*, University of Georgia, Athens, Georgia, May 15-23, 1987; *Division II, 25th*, California State University, Northridge, California, May 11-17, 1987; *Division III, 12th*, Salisbury State College, Salisbury, Maryland, May 11-17, 1987.

**Tennis, Women's:** *Division I, 6th*, University of California, Los Angeles, California, May 14-21, 1987; *Division II, 6th*, California State University, Northridge, California, May 3-9, 1987; *Division III, 6th*, Kalamazoo College, Kalamazoo, Michigan, May 12-16, 1987.

**Outdoor Track, Men's:** *Division I, 66th*, Louisiana State University, Baton Rouge, Louisiana, June 3-6, 1987; *Division II, 25th*, Southeast Missouri State University, Cape Girardeau, Missouri, May 20-23, 1987; *Division III, 14th*, North Central College, Naperville, Illinois, May 20-23, 1987.

**Outdoor Track, Women's:** *Division I, 6th*, Louisiana State University, Baton Rouge, Louisiana, June 3-6, 1987; *Division II, 6th*, Southeast Missouri State University, Cape Girardeau, Missouri, May 20-23, 1987; *Division III, 6th*, North Central College, Naperville, Illinois, May 20-23, 1987.

**Volleyball, Men's:** *18th championship*, University of California, Los Angeles, California, May 1-2, 1987.

# Palmer, Testaverde headline AP's all-America football team

The nation's top runner and No. 1 passer—Temple tailback Paul Palmer and Miami (Florida) quarterback Vinny Testaverde—have been named to the Associated Press all-America football team for 1986.

Miami and Oklahoma each put three players on the squad, while Auburn and Ohio State had two each.

Testaverde was joined by teammates Jerome Brown, a defensive tackle, and free safety Bennie Blades, who led the nation with 10 interceptions.

Testaverde led Miami to a No. 1 ranking in the AP poll for the past 10 weeks by completing 175 of 276 passes for 2,557 yards and a nation-leading 26 touchdowns in 10 games. His completion percentage was 63.4, and he led the country in passing efficiency but missed the final regular-season contest with bruises suffered when he fell off his motor scooter.

The 285-pound Brown was the top lineman on a unit that finished sixth nationally in total defense.

Oklahoma is represented by inside linebacker Brian Bosworth, tight end Keith Jackson and offensive guard Mark Hutson, all juniors.

Bosworth is one of five repeaters and nine juniors on the first team. The other repeaters are offensive guard Jeff Bregel of Southern California, defensive backs Thomas Everett of Baylor and Mark Moore of Oklahoma State, and punter Barry Helton of Colorado.

The other juniors besides Blades, Helton and the three from Oklahoma are wide receivers Tim Brown of Notre Dame and Cris Carter of Ohio State, defensive tackle Al Noga of Hawaii, and inside linebacker Chris

Spielman of Ohio State.

The rest of the all-America team consists of offensive tackles Harris Barton of North Carolina and Danny Villa of Arizona State, center Ben Tamburello and running back Brent Fullwood of Auburn, placekicker Jeff Jaeger of Washington, outside linebackers Cornelius Bennett of Alabama and Shane Conlan of Penn State, nose guard Danny Noonan of Nebraska, and defensive back Rod Woodson of Purdue.

The AP all-America team will be featured on Bob Hope's Bagful of Christmas Cheer (December 21, NBC-TV, 9-10 p.m., Eastern time.)

The team was selected by the AP's regional sports editors, along with the college football editor and the sports editor, from all-conference and all-sectional lists.

Three 1985 first-teamers failed to repeat. Michigan State tailback Lorenzo White and Louisiana State linebacker Michael Brooks were hampered by injuries, while Texas A&M

linebacker Johnny Holland made the third team.

## First team

### Offense

Tight end—Keith Jackson, Oklahoma, 6-3, 242, junior, Little Rock, Arkansas.

Wide receivers—Tim Brown, Notre Dame, 6-0, 192, junior, Dallas, Texas; Cris Carter, Ohio State, 6-3, 194, junior, Middletown, Ohio.

Tackles—Harris Barton, North Carolina, 6-5, 283, senior, Atlanta, Georgia; Danny Villa, Arizona State, 6-6, 283, senior, Nogales, Arizona.

Guards—Jeff Bregel, Southern California, 6-4, 280, senior, Granada Hills, California; Mark Hutson, Oklahoma, 6-4, 280, junior, Fort Smith, Arkansas.

Center—Ben Tamburello, Auburn, 6-3, 268, senior, Birmingham, Alabama.

Quarterback—Vinny Testaverde, Miami (Florida), 6-5, 218, senior, Elmont, New York. Running backs—Brent Fullwood, Auburn, 5-11, 209, senior, St. Cloud, Florida; Paul Palmer, Temple, 5-9, 180, senior, Potomac, Maryland.

Placekicker—Jeff Jaeger, Washington, 5-11½, 191, senior, Kent, Washington.

### Defense

Ends-outside linebackers—Cornelius Bennett, Alabama, 6-4, 235, senior, Birmingham, Alabama; Shane Conlan, Penn State, 6-3, 225, senior, Frewsburg, New York.

Paul Palmer

Vinny Testaverde

Tackles—Jerome Brown, Miami (Florida), 6-2, 285, senior, Brooksville, Florida; Al Noga, Hawaii, 6-1, 280, senior, Honolulu, Hawaii.

Nose guard—Danny Noonan, Nebraska, 6-4, 280, senior, Lincoln, Nebraska.

Inside linebackers—Brian Bosworth, Oklahoma, 6-2, 240, junior, Irving, Texas; Chris

Spielman, Ohio State, 6-2, 232, junior, Mason, Ohio.

Backs—Bennie Blades, Miami (Florida), 6-0, 207, junior, Fort Lauderdale, Florida; Thomas Everett, Baylor, Fort Wayne, Indiana.

Punter—Barry Helton, Colorado, 6-4, 190, junior, Simla, Colorado.

## Broderick presentation set January 8

Plans have been completed for the 10th annual Woman Collegiate Athlete of the Year Banquet, during which the Broderick Cup will be presented to one of 10 finalists for the award.

The banquet will be held January 8, 1987, in San Diego. It is one of several athletics-related functions held each year in conjunction with the NCAA Convention.

The Broderick Sports Awards and Broderick Cup were initiated in 1976 to recognize outstanding achievements by collegiate women athletes. Nominees are selected according to procedures developed and regularly adjusted by the collegiate committees governing each sport.

Past winners of the Broderick Cup include Jackie Joyner, University of California, Los Angeles, 1984-85; Cheryl Miller, University of Southern California, and Tracy Caulkins, University of Florida, 1983-84 (tie); Deitre Collins, University of Hawaii, 1982-83; Caulkins, 1981-82; Jill Sterkel, University of Texas, Austin, 1980-81; Julie Shea, North Carolina State University, 1979-80; Nancy Lieberman, Old Dominion University, 1978-79; Ann Meyers, University of California, Los Angeles, 1977-78, and Lucy Harris, Delta State University, 1976-77.

Candidates for the 1985-86 award include Kamie Ethridge, University of Texas, Austin, basketball; Suzie Tuffey, North Carolina State University, cross country; Megan Donnelly, University of Massachusetts, Amherst, field hockey; Page Dunlap, University of Florida, golf; Penney Hauschild, University of Alabama, Tuscaloosa, gymnastics; Susan LeFebvre, California State University, Fullerton, softball; Jenna Johnson, Stanford University, swimming and diving; Gretchen Rush, Trinity University (Texas), tennis; Juliet Cuthbert, University of Texas, Austin, track and field, and Kim Oden, Stanford University, volleyball.

# The NCAA News

# NCAA Record

## CHIEF EXECUTIVE OFFICERS

**JACK DOLAND**, an NCAA Council member, resigned at McNeese State, effective June 30, 1987. **WALLACE B. GRAVES**, president at Evansville, given the additional title of chancellor.

## DIRECTOR OF ATHLETICS

**MARTHA VAN STEENDEREN** resigned as women's AD at Wisconsin-Whitewater, where she has been involved with women's athletics for 25 years. She will remain at the school as a professor of health, physical education and recreation. **ROBERT L. HITCH** resigned at Southern Methodist.

## ASSISTANT DIRECTOR OF ATHLETICS

**FLOYD WALKER** selected at Missouri-Kansas City. He previously was professor of physical education at Central Missouri State, where he served as athletics director from 1966 to 1980 and earlier was head baseball coach and assistant basketball coach.

## COACHES

**Men's basketball assistants**—**JEFF BURKHAMER** promoted from full-time assistant to associate coach, **GEORGE FREEBERSYER** promoted from part-time to full-time assistant and **GLENN GUTIERREZ** promoted from volunteer to part-time assistant at Baptist. **RALPH ROTANDO** appointed at New Jersey Tech after two years as head coach at Manchester Regional High School in Haledon, New Jersey.

**Women's basketball assistant**—**DALE L. SNYDER** named at Harvard. The former Wisconsin-Parkside coach served most recently as girls' head coach at St. Joseph's High School in Kenosha, Wisconsin, where he also coached cross country and track.

**Football**—**JOE YUKICA** resigned at Dartmouth, effective upon completion of recruiting duties or the naming of a successor. Yukica, whose Big Green won the Ivy League championship outright in 1978 and shared the title in 1981 and 1982, coached his teams to a 36-47-4 record during his nine-year tenure at the school, including a 3-6-1 record this season. In 21 years as a head coach at New Hampshire, Boston College and Dartmouth, his teams were 111-93-4. **JIM SANDERSON** stepped

*Don Morton named head football coach at Wisconsin*

*David McWilliams selected as head football coach at Texas*

down after five years at Cal Poly-San Luis Obispo to become the school's chief athletics fund raiser. Sanderson, who has been a member of the Mustangs coaching staff for 20 years, will become executive director of Supporters of Mustang Athletics Teams (SUMAT). **JACK PARDEE** appointed at Houston. The former Texas A&M linebacker previously has coached the Chicago Bears and Washington Redskins of the National Football League, the Houston Gamblers of the United States Football League and the Florida Blazers of the World Football League. **BOBBY ROSS** resigned at Maryland, effective January 14, 1987. Ross' teams compiled a 39-19-1 record through five seasons, including a 5-5-1 record this year, and won consecutive Atlantic Coast Conference titles from 1983 to 1985. **TULSA'S DON MORTON** selected at Wisconsin, succeeding interim Badgers coach **JIM HILLES**, who was released after one season. During two seasons at Tulsa, Morton guided the Golden Hurricane to a Missouri Valley Conference title in 1985 and a 7-4 record as an independent this season. His career coaching record, including six seasons at North Dakota State, is 70-24. Hilles became interim coach at Wisconsin after the death last spring of Dave McClain and led the Badgers to a 3-9 record in 1986. **FRANCIS PEAY** signed a five-year contract at Northwestern after one season as the Wildcats' interim coach. Peay guided the Wildcats to a 4-7 record, the team's best since 1973, and led Northwestern to season-ending victories over Michigan State and Illinois. **RO WALDRON** resigned after two years at Catholic, where his teams compiled a 4-17-1 record. **FRED O'CONNOR**, the school's athletics director, will assume the post. **MARK DIENHART** of St. Thomas (Minnesota) named the school's executive director of public affairs. He has been head football and men's track and field coach at St. Thomas the past six years, leading his football teams to a combined 44-15-1 record. **DON McLEARY** given a one-year extension on his contract at Tennessee-Martin after serving one season of his original four-year contract. **SKIP HALL** appointed at Boise State after 12 years as an assistant at Washington. Hall also has served on the staffs at Kent State and Colorado during an 18-year career. **DAVID McWILLIAMS** named at Texas after one year at Texas Tech, where his Red Raiders posted a 7-4 record and are preparing to play in the Independence Bowl. McWilliams is a former Texas assistant. He replaces **FRED AKERS** who was released. **BOBBY COLLINS** released at Southern Methodist after five years and a record of 43-14-1.

**Football assistants**—Former Houston Gamblers assistants **BRUCE DAVIS**, **PAT THOMAS** and **JOHN JENKINS** hired at Houston. Davis will be linebacker coach, Thomas will be secondary coach and Jenkins will serve as offensive coordinator. **WASHINGTON'S SKIP HALL** named head coach at Boise State.

**Men's and women's tennis**—**MIKE PATRICK** named men's coach at Arkansas. He previously was women's coach at Kentucky.

**Men's and women's track and field assistant**—**ALLEN PENDLETON** appointed at St. Joseph's (Pennsylvania). The former Temple jumper was head track coach at Lower Merion High School in Pennsylvania last year. **MARK DIENHART** of St. Thomas (Minnesota) named the school's executive director of public affairs. He has been head football and men's track and field coach for the past six years at St. Thomas, where he led the track and field team to a Division III national indoor title in 1985.

## NOTABLES

**Miami (Florida) quarterback VINNY TESTAVERDE** named the 50th recipient of the Maxwell Award, given by the Maxwell Club to honor the nation's outstanding collegiate football player. Nominees are selected on the basis of athletics accomplishments, academic achievements and community involvement. Others considered for the award were Temple running back **PAUL PALMER**, Michigan quarterback **JIM HARBAUGH**, Oklahoma linebacker **BRIAN BOSWORTH** and Penn State linebacker **SHANE CONLAN**. Testaverde, Palmer, Bosworth and Conlan also were named to the Walter Camp All-America team, selected by coaches and sports information directors. Other offensive players named to the team were running backs **D.J. DOZIER** of Penn State and **BRENT FULLWOOD** of Auburn, wide receiver **CRIS CARTER** of Ohio State, tight end **KEITH JACKSON** of Oklahoma, center **BEN TAMBURELLO** of Auburn, guards **JEFF ZIMMERMAN** of Florida and **JEFF BREGEL** of Southern California, and

dogs and Pittsburgh Steelers. **JIM LUCK**, senior assistant athletics director at Georgia Tech and former head baseball coach at the school, was killed November 28 when the car in which he was riding collided with a tractor-trailer truck near Athens, Georgia. He was 63. The accident occurred shortly after Luck, who worked at Georgia Tech for 32 years, left a football practice in Athens, where the Yellow Jackets were preparing to play Georgia. The car's driver, Georgia Tech campus security officer **FRANK BERINGAUSE**, 41, also was killed. **C.A. CORE**, an all-Gulf South Conference basketball player at Southeastern Louisiana during the late 1960s, died November 27 of an apparent heart attack at age 41. Core, a member of the Louisiana Basketball Hall of Fame, was basketball coach at Northshore High School in Louisiana. **G.L. "DOC" MATHIS**, former East Carolina men's basketball coach who also coached at Elon, died October 25 in Snow Camp, North Carolina. He was 77.

## CORRECTION

Due to an editor's error, the school of an individual participant in the Division III Women's Cross Country Championships was reported incorrectly in the November 24 issue of The NCAA News. Lisa Baron should have been identified as a representative of Wheaton (Massachusetts).

Due to an editor's error, the head men's basketball coach at San Jose State University was identified incorrectly in the Opinions Out Loud section of the December 1 issue of The NCAA News. San Jose State is coached by Bill Berry.

8. Long Beach St. (15-14).....	40
9. Navy (28-8).....	45
10. Fresno St. (15-21).....	52

## Kirk pleads not guilty to charges

Former Memphis State University basketball coach **Dana Kirk** pleaded not guilty to fraud and tax evasion charges December 3 and said the story of his legal troubles would make a good book.

"Interesting isn't it?" Kirk said after mentioning the possibility of a book. "It might be called 'the other side.'"

Kirk, who was indicted by a Federal grand jury last month, said he looks forward to his day in court.

"You have two sides to everything, and we have yet to put ours up," he said.

Kirk, 51, was released from Memphis State in September and was indicted last month by a grand jury that for more than a 1½ years has investigated allegations of sports gambling in the mid-South.

The charges against Kirk do not involve gambling, however, and he said the jury had to change directions to indict him.

"It's an amazing thing what has transpired over the last 18 or 19 months," Kirk said after entering his plea before a U.S. magistrate. "It's something that started out in one situation and ended up in another," he told the Associated Press.

Kirk, who coached the Tigers for seven seasons and made them into a top-20 contender, is charged with understating his income to the Internal Revenue Service, trying to intimidate grand jury witnesses and seeking payoffs to have Memphis State take part in basketball tournaments.

If convicted on all counts, he could face a maximum sentence of 62 years in prison, plus fines of \$912,000. He also would have to repay the tax money the government says he owes.

No trial date has been set in the case, but Kirk's lawyers were given 15 days to file pretrial motions.

The lawyers asked for a 45-day delay, but that request has yet to be considered.

*Lori Bruney, North Carolina*

*RosAnna Salcido, Iowa*

## Field hockey all-Americans named

The 1986 Penn Monto/College Field Hockey Coaches Association (CFHCA) all-America team includes 32 student-athletes representing 18 schools. The 12 teams that participated in the NCAA Division I Field Hockey Championship contributed 24 players to the first and second teams.

Massachusetts had four players selected, and three were named to the first-team. New Hampshire, the tournament runner-up; North Carolina, the third place team, and Stanford all placed three players on the team. Maryland did not go to the tournament but also had three players selected.

National Collegiate champion

Iowa had two players selected. Both were named to the first team. Old Dominion and Rutgers also had two players chosen.

The all-America team was selected by a committee of CFHCA members. Selection was based on in-season play and statistics.

Following is a list of the team:

**First-team**—Jennifer Averill, Northwestern; Kiki Brown, California; Linda Buonanno, St. Joseph's (Pennsylvania); Lori Bruney, North Carolina; Lynn Carlson, Massachusetts; Sandi Costigan, New Hampshire; Tracey Fuchs, Connecticut; Janice Fuls, Rutgers; Maryellen Falcone, North Carolina; Karen Geronimi, New Hampshire; Lisa Griswold,

Massachusetts; Chris Kocot, Massachusetts; Mary McCarthy, Penn State; Karen Naolitano, Iowa; RosAnna Salcido, Iowa, and Sandy Wilson, James Madison.

**Second-team**—Kim Chorosiewsky, Maryland; Maree Chung, Stanford; Pauline Collins, New Hampshire; Meri Dembrow, Purdue; Kirsten Ganshaw, Rutgers; Jackie Grady, Old Dominion; Tracey Griesbaum, West Chester; Nicky Hitchens, Pennsylvania; Lil Hultin, Massachusetts; Leigh McNiff, Pacific; Stelly Seltman, Old Dominion; Alison Smith, Stanford; Kim Turner, Maryland; Jessica Wilk, Maryland; Andi Wolpert, Stanford, and Tracey Yurgin, North Carolina.

# Renewal

Continued from page 1

and especially the Final Four, the unanimous decision of the committee was that it was in our best interest to stay in a single-network, exclusive relationship," Richard D. Schultz, committee chair, said.

In addition to a substantial increase in rights fees, the new agreement calls for an increase in prime-time coverage of the tournament. The regional semifinals will be carried live in prime time, and the national semifinals will be moved from a 3:30 p.m. (eastern time) start to a 5:30 p.m. start.

"We think that more than doubling the prime-time coverage from the round of 16 on will bring the tourna-

ment to a new level," Schultz said.

CBS also will add 30 minutes to the coverage of second-round games. The network will continue to air the announcement of the tournament field and also will air a program explaining the selection process some time prior to the announcement program.

CBS will televise the Women's Division I Basketball Championship final, the Men's and Women's Gymnastics Championships, the Men's Volleyball Championships, and the Division I Men's and Women's Outdoor Track Championships.

The network also has been awarded the rights to the championship game of the College World Series.

# Oklahoma

Continued from page 7

in 1986.

## Bowl field down

This season's bowl field is down 7½ games as a group from last season's. The 36 bowl teams are 292-98-10 for .743 in regular-season play. Last season's 36 bowl games were 299-90-10 (.762). The 1984 field, also 36 teams, set the record low at .728; but the comparison does not mean much because the 1974 field was .745 for only 22 bowl teams. The top matchup, of course, is 22-0 for Miami (Florida) and Penn State in the Sun Bowl, only the 10th matchup of two perfect-record teams in bowl history (see December 1 notes for the complete list) and the

first since 1973.

## Toughest-schedule leaders

Florida wins the toughest-schedule race in Division I-A at .682, meaning its I-A foes were 64-29-3 vs. other I-A foes when not playing Florida. Next are Louisiana State .648, Notre Dame .634, UCLA .630, California .611, Oregon .610, Oregon State .605, South Carolina .599, Washington State .589 and Florida State .588.

This is the 10th season of I-A toughest-schedule rankings. Penn State is the 10-year leader by a narrow margin over Notre Dame.

In I-AA, the 1986 leader is James Madison at .620, meaning its I-AA and I-A foes were 46-28-1 vs. other I-

AA and I-A foes when not playing James Madison. Next are Bucknell .614, Montana State .579, Western Kentucky .571, Harvard .565, Southwest Missouri State .562, Richmond .558, Holy Cross .554, Louisiana Tech .553, and Florida A&M (the five-year national leader in I-AA) .548.

## Quotes of the week

Notre Dame coach Lou Holtz on how it was for his players to lose five games by a grand total of 14 points (before edging Southern California in the season finale): "It's like going to the altar to marry the girl of your dreams five times, and being jilted five times. You get a little leary, to put it mildly."

## The NCAA News

## The Market

Readers of The NCAA News are invited to use The Market to locate candidates for positions open at their institutions, to advertise open dates in their playing schedules or for other appropriate purposes.

Rates are 45 cents per word for general classified advertising (agate type) and \$22.60 per column inch for display classified advertising. Orders and copy are due by noon five days prior to the date of publication for general classified space and by noon seven days prior to the date of publication for display classified advertising. Orders and copy will be accepted by telephone.

For more information or to place an ad, call 913/384-3220 or write NCAA Publishing, P.O. Box 1906, Mission, Kansas 66201.

### Positions Available

#### Assistant A.D.

**Assistant Athletic Director for Internal Affairs.** Clarion University, a Division II member of the NCAA and the Pennsylvania State Athletic Conference, seeks a qualified candidate to the position of the Assistant Athletic Director for Internal Affairs. The position will be a faculty tenure-track position with teaching responsibilities in the Health and Physical Education department as assigned by the Department Chairperson. The successful applicant will assist the Director of Athletics in coordinating and supervising daily fiscal operations, emphasizing budget preparation, analysis and fiscal accountability. This position will coordinate departmental financial/scholarship aid, serve as the academic liaison with on campus support groups, be responsible for eligibility certification, academic progress and rule clarification in compliance with NCAA and conference guidelines. Qualifications: A master's degree in Health and Physical Education plus 10 graduate hours from an accredited college or university is required. Applicants must have three (3) or more years of teaching and athletic administrative duties at the college level. Reference given to those applicants with effective written and oral communication skills, along with computer experience. Closing Application Date: January 12, 1987. Salary: The Assistant Athletic Director for Internal Affairs will receive a faculty tenure-track appointment. Rank and salary commensurate with experience and qualifications. Starting Date: Spring semester 1987. Qualified individuals are invited to submit their resume, three current letters of recommendations and transcripts to: Mr. Albert Jacka, Department Chairperson, Health

and Physical Education Department, Clarion University, Clarion, Pennsylvania 16214. Clarion University is an Equal Opportunity/Affirmative Action Employer.

#### Athletics Trainer

**Head Athletic Trainer for Men's and Women's Sports.** Responsible for the supervision of the athletic training program. Direct the student athletic training program and teach related courses. Qualifications: NATA certification, master's degree preferred, 10-month appointment. Starting Date: January 5, 1987. Send resume and references to: Dr. Marilyn Day or Dr. Elmer Yost, Rike Center, Otterbein College, Westerville, Ohio 43081. Closing Date For Applications: December 19, 1986. Affirmative Action/Equal Opportunity Employer.

#### Sports Information

**Sports Information Director.** (University of Chicago). Requirements: 1) Bachelor's degree in the area of journalism, public relations or communications. 2) Experience and competence in the area of sports information. 3) Knowledge of Macintosh computer highly desirable. Responsibilities: a) Direct all phases of media relations, including weekly releases and promotion of major events for an 18-sport varsity program. b) Design sport programs and coordinate the production of the athletic department newspaper. c) Maintain statistics as required by the NCAA and the Conference. d) Supervise 12 student assistants. Staff position; 12-month, full-time appointment. Starting Date: January 5, 1987. Send complete application, including resume, transcript(s) and three recent letters of recommendation by the closing date of December 29, 1986, to: Mary Jean Mulvaney, University of Chicago, 5640 South University Avenue, Chicago, Illinois 60637; (312)962-

### Head Football Coach

Williams College invites applications for the position of Head Football Coach.

**Responsibilities:** Coach the varsity football team, organize and administer the football program, including organizing a program of student recruitment within the guidelines of the New England Small College Athletic Conference.

**Qualifications:** Candidates should have a baccalaureate degree (advanced degree preferred), college coaching experience, demonstrated skills at promoting positive personal relations with student-athletes and developing and motivating student-athletes for athletic and academic success.

**Appointment:** The appointment will be at the instructor or assistant professor level with either a one- or three-year initial contract. Salary will be commensurate with qualifications and experience.

**Applications:** Applicants should submit a letter of application, resume and the names, addresses and telephone numbers of three references by December 31, 1986, to:

Robert R. Peck, Chair  
Department of Physical Education,  
Athletics and Recreation  
Williams College  
Williamstown, Massachusetts 01267

Williams College is an  
Equal Opportunity/Affirmative Action Employer

7684. Interviews will be conducted prior to the closing date. The University of Chicago is a private institution and a member of the NCAA Division III and in 1987-88 the University Athletic Association. The University of Chicago is an Affirmative Action/Equal Opportunity Employer.

#### Baseball

**Baseball Coach.** Marian College of Fond du Lac, Wisconsin, is accepting applications for the newly established position of men's baseball coach. Duties will include developing, recruiting, and coaching intercollegiate men's baseball as Marian College begins a new NAIA baseball program in 1987-88. Other duties will include some combination of the following as negotiated: instructor of activity/coaching minor courses, intramural director, coordinator of special events, development/fund-raising, and academic counselor. Candidates should have successful baseball coaching experience on the high school or college level. Recruiting experience is necessary to build this new program. Salary range is \$18,000-\$22,000 with a 10- or 11-month contract as negotiated. Summer camp opportunities are also available. A master's degree in physical education or counseling is desired. Assistant coaches, graduate assistants and high school coaches are encouraged to apply. Submit a letter of application and resume with the names and telephone numbers of at least three major references to: Dr. Bruce Prall, Athletic Director, Marian College, 45 South National Ave., Fond du Lac, WI 54935. Closing date for applications is January 31, 1987, with position to be filled as soon thereafter as possible.

**Head Baseball Coach/P.E. Instructor** at Co-summes River College. Full-time, tenure track beginning 2/2/87. Hold CCC credentials fully satisfied for physical education instructor or completion of master's degree by 2/1/87 and a BA in P.E. plus two years of successful baseball coaching experience. Deadline: 1/15/87. Information and application by calling 916/920-7912 or send resume to: Certificated

Recruitment, Los Rios Community College District, 1919 Spanos Court, Sacramento, California 95825. An AA/EEO Employer.

#### Basketball

**Assistant Women's Basketball Coach.** Primary responsibility recruiting. Candidates must have the ability to organize and accomplish a recruiting program with the goal of recruiting only top-level Division I caliber players. Certain other specific coaching responsibilities, as well as scouting, will be assigned. Secondary Responsibilities: Working with the institutional summer basketball camps, plus other duties as assigned by head basketball coach. Qualifications: BS required, master's degree preferred. Prior experience at the college or university level coaching and/or recruiting is recommended. Must be organized and relate well to athletes/coaches. Position Duration: 12 month, full-time position. Send a letter of application, updated resume, three letters of recommendation and the names, addresses and telephone numbers of at least three persons who can be contacted as references, to: Pamela Law, Personnel Administrator, University of Florida Athletic Association, P.O. Box 14485, Gainesville, Florida 32604. Application Deadline: January 5, 1987. Equal Opportunity/Affirmative Action Employer.

#### Cross Country

**Cross Country and Track Coach.** Head coach of Men's and Women's Cross Country and Track program. Also serve as Lecturer in Department of Health & Physical Education to teach Health Education courses including a course for teacher certification in drugs, alcohol and tobacco. Master's in Health & Physical Education required. Ph.D. preferred. Fall 1987 appointment. Apply by January 15 to Fred Bright, Chairperson Health and Physical Education, 214 Alumni Fieldhouse, SUNY Geneseo, NY 14454. Geneseo is an Equal Opportunity/Affirmative Action Employer.

### Assistant Women's Basketball Coach

Part time position available immediately. Responsibilities include recruiting, scouting and assistance with floor instruction during practice and games. Bachelor's degree required. May instruct physical education activity courses, as needed. Forward letter of application, resume and references to:

Journey Beard  
Oklahoma Baptist University  
Shawnee, OK 74801.

EOE.

### The University of Tulsa Head Football Coach

The University of Tulsa invites applications and nominations for the position of Head Football Coach. The Head Football Coach is responsible for assembling, directing and coordinating all of the activities associated with a major, successful, independent football program. Candidates must possess a bachelor's degree and have a thorough understanding and knowledge of directing a Division I-A football program. In addition, the successful candidate must demonstrate a strong commitment to the institution's academic mission and assure compliance to all institutional and NCAA policies and procedures, as well as possess strong interpersonal, administrative and promotional skills. Salary for the position is negotiable and will be commensurate with the successful candidate's background and qualifications. For full consideration, applications and/or nominations must be received prior to the close of business on December 11, 1986. Letters of application and resume should be sent to:

John Benn  
Director of Intercollegiate Athletics  
The University of Tulsa  
600 South College  
Tulsa, Oklahoma 74104

The University of Tulsa  
is an Equal Opportunity Employer

#### Football

**Ohio Wesleyan University** is seeking to fill the position of Head Football Coach. The University is a member of the North Coast Athletic Conference and NCAA Division III with an enrollment of 1,600. Responsibilities will also include one of the following: Assistant Track or Baseball, Facilities Director or Intramural Director, Chief Recruiter for the football program and other duties as assigned by the Athletic Director. A master's degree is required as is the ability to fit comfortably into a rigorous small college. Collegiate coaching experience is preferred, but not required. This is a non-tenured, but renewable appointment starting on or about January 12, 1987. Salary is commensurate with experience and qualifications. Send cover letter, resume and three letters of reference by December 13, 1986, to: Dr. Jay Martin, Athletic Director, Ohio Wesleyan University, Delaware, Ohio 43015. Ohio Wesleyan University is an Affirmative Action/Equal Opportunity Employer.

#### Recreation

**Sports Center/Intramural Sports & Recreation Director.** Full-time position starting January 12, 1987. Oversee all Intramural Sports and Recreation Programs, including summer camps and leagues. Manage sports center facilities, general operations and concentrate on improving revenue-producing programs, including corporate memberships, instruc-

tional programs, rentals and tournaments. Must have ability to market programs and facilities to maximize income potential as well as work with student staff. Salary commensurate with qualifications and experience. Master's degree preferred. Deadline for application: December 19, 1986. Send resume and names, addresses and phone numbers of three references to: Laurie Massa, Assistant Director of Athletics, Xavier University, O'Connor Sports Center, 3800 Victory Parkway, Cincinnati, Ohio 45207. Xavier University is an Equal Opportunity/Affirmative Action Employer.

#### Soccer

**Men's Soccer Coach.** Marian College of Fond du Lac, Wisconsin, is accepting applications for the position of head men's soccer coach. Duties include developing, recruiting and coaching the men's soccer program as Marian College advances from its current club status into full NAIA competition beginning fall semester 1987. Other assigned duties will include some combination of the following: instructor for activity/coaching minor courses, intramural director, coordinator of special events, development/fund-raising, and academic counselor. Candidates should have successful soccer coaching and recruiting experience. The position offers the unique opportunity to build a college soccer program from the beginning. Salary range is \$18,000-\$22,000 with a 10- or 11-month contract as negotiated. Summer camp opportunities are also available. A master's degree in physical education or counseling is desired. Assistant

See The Market, page 15

### ILLINOIS WESLEYAN UNIVERSITY HEAD FOOTBALL COACH

**POSITION:** Head Football Coach. Full-time non-tenure coaching position to begin February 1, 1987. Physical education faculty status will include some teaching responsibilities.

**QUALIFICATIONS:** Master's Degree; coaching experience at the college level or head coaching at the high school varsity level.

**APPLICATION DEADLINE:** January 1, 1987.

For additional information or to apply, contact:

Dennis Bridges  
Athletic Director

### MEN'S SOCCER AND WOMEN'S BASKETBALL COACH

The Department of Athletics at the University of Southern Maine invites applications for the full-time position of **MEN'S VARSITY SOCCER & WOMEN'S VARSITY BASKETBALL COACH.** Successful candidate will have primary responsibility for directing USM Varsity Soccer and Women's Basketball teams, teaching and directing the two-week summer soccer camp. The position reports to the Director of Athletics. **QUALIFICATIONS:** Bachelor's degree is required; master's degree is preferred. Candidate must show evidence of advanced knowledge and understanding of coaching soccer and basketball. Maintenance of high standards of ethical conduct as established by the ECAC, NCAA and USM's Athletic Department is necessary. **SALARY:** Competitive and dependent upon background and experience, with excellent fringe benefits.

Send resume with names and addresses of three references postmarked by December 29, 1986, to:

David Drew, Chair  
Search Committee  
University of Southern Maine  
Gorham, Maine 04038

USM is an EEO/AA employer.

# Shockers discontinue football

The financially troubled Wichita State University football program was suspended indefinitely December 2 by WSU President Warren Armstrong.

Armstrong said he made the decision because of deficit spending and the recommendation of a consultant that has been studying the athletics department since April. The consultant company, Synergos, Inc., recommended suspension of the program.

"This course of action prompted by the critical financial state of the athletics program is necessary to preserve intercollegiate athletics at WSU and to maintain a broad-based offering of programs for the student-athlete at a competitive level. In the end analysis, there is no other alternative but to drop football at Wichita State University for an undetermined period of time," a report from the consultant said.

Armstrong said he will appoint a task force to study what role, if any, football will have at WSU in the future. He said the task force would report its findings in 1989.

Boosters would have had to contribute \$3 million to \$4 million to save the program, sources close to Armstrong said.

The plight of the agricultural, general aviation and petroleum segments of the Kansas economy has made it difficult for the university to raise money for athletics and other functions, the Associated Press reported.

WSU athletics director Lewis Perkins said the football program is expected to lose at least \$700,000 this year after an approximate loss of \$500,000 last year. The football program has an annual budget of \$1.5 million.

College athletics administrators hear Ron Heitzinger of Heitzinger and Associates discuss drug education and testing during a NACDA workshop in Boston. A total of 446 administrators attended the four workshops conducted by the organization.

## NACDA drug-education workshops attract 446

Attendance at a series of four drug-education workshops recently sponsored by the National Association of Collegiate Directors of Athletics (NACDA) has been termed astounding by officials of the organization.

"This great response reinforces the high priority that NACDA has placed on drug awareness and drug education in the last three years," said Homer C. Rice, director of athletics at Georgia Institute of Technology and NACDA president. "This workshop series may have been the most significant offering in NACDA history."

Sponsored by the NACDA Foundation, the two-day workshops were held in Atlanta, Georgia; Kansas City, Missouri; Boston, Massachusetts, and San Jose, California, during November. A total of 446 NACDA members—representing 20 percent of the organization's membership—

attended one of the four programs.

Development of student-athlete assistance programs was covered, as were the legal and medical ramifications of drug testing, which will occur at NCAA championships events this year and has been conducted on some Association members' campuses.

Small-group discussions, with members organized according to their divisional representation (e.g., NCAA Division II, NAIA, junior college, etc.), also were held to provide a forum for individuals with common concerns and questions.

"Most administrators are being asked to look closely at some type of drug program," said La Salle University Director of Athletics Robert Mullen. "Rather than seeking our own resources haphazardly and then trying to tie them together, the NACDA workshop provided a com-

prehensive package."

"Because this effort proved enormously successful," said Rice, "we will look very seriously at providing future clinics of a like nature. Perhaps next spring or next fall, we will stage

similar workshops in different cities."

Funding of the workshops was made possible through NACDA's sponsorship of the Chase Kickoff Classic football game, which is held each August.

## Sun Belt joins computer network

Sun Belt Conference athletics directors and faculty representatives have approved the purchase of personal computers for all eight member institutions, as well as the conference office, to create an electronic information network within the league.

"We're excited about the possibilities this project will give us, not only in the field of publicity but in other marketing and administrative areas," said Sun Belt Commissioner Victor A. Bubas.

The Sun Belt will become the first

collegiate conference to join the IBM Information Exchange Network. The information exchange is an existing business network that provides computer-to-computer communications. It permits letters, documents, statistics and other data to be electronically sent, stored and retrieved by means of a local phone call.

All internal data communications within the Sun Belt, both school-to-school and conference-to-school, will be done through the information exchange.

## The Market

Continued from page 14

coaches, graduate assistants and high school coaches are encouraged to apply. Submit a letter of application and resume with the names and telephone numbers of at least three major references to: Dr. Bruce Prall, Athletic Director, Marian College, 45 South National Ave., Fond du Lac, WI 54935. Closing date for applications is January 15, 1987, with position to be filled as soon thereafter as possible.

**Head Women's Soccer** and one or two additional women's sports with teaching and administrative responsibilities. Full-time, non-tenure track with Faculty Rank. Responsibilities: Coach and direct strong NCAA Division III women's soccer program and assist in one or two other women's sports. Would consider as an alternative to assisting coaching, a willingness to function as an athletic trainer. Qualifications: Bachelor's required—master's preferred. Salary: Negotiable, commensurate with qualifications. Starting Date: August 15, 1987. Send letter of application, vitae, transcripts, and three letters of reference to: Mr. Harlan Knosher, Director of Athletics, Knox College, Galesburg, IL 61401. Knox College is an equal opportunity employer and does not discriminate on the basis of sex, age, race, color, ethnic origin or handicap.

### Softball

**Assistant Softball Coach**, Florida State University. Responsibilities: To assist the head coach in all phases involved in conducting a nationally competitive softball program. These include but are not limited to: recruitment of prospective student-athletes; coaching; equipment purchases; securing game officials; promotions; conducting clinics, along with other duties assigned by the head coach. Qualifications: Bachelor's degree required, master's degree preferred. Prior coaching and playing experience preferred. Application Deadline: Open until position is filled. Salary: Commensurate with experience.

**Preferable Starting Date:** January 12, 1987. **Application Procedure:** Submit letter of application, resume and three letters of recommendation with phone numbers to: Dr. Jan Stocker, Assistant Athletic Director, 100 Tully Gym, Florida State University, Tallahassee, Florida 32306. Equal Opportunity/Affirmative Action Employer.

### Graduate Assistant

**Graduate Assistantships Available.** Special areas, i.e.: swimming, women's weight training, aerobic exercise, aerobic dance, exercise physiology lab needed Spring semester 1987. Contact Dr. Billy Daniel, Physical Education Department, Northeast Louisiana University, Monroe, LA 71209, 318/342-2124.

**Graduate Assistant/Lacrosse.** Alfred University is seeking graduate assistant applicants for second semester in the sport of lacrosse. Candidates must be accepted into one of the

various master's programs available. Send letter of interest and resume to: Gene Castroville, Director of Athletics, Alfred University, Alfred, New York 14802. Equal Opportunity/Affirmative Action Employer.

### Miscellaneous

**Assistant Coach-Minority Recruiter/Counselor** Marian College of Fond du Lac, Wisconsin, is accepting applications for the position of men's assistant athletic coach and minority recruiter/counselor. Duties will include assisting the office of admissions as a recruiter/counselor for minority students plus serving as assistant coach with the intercollegiate basketball and baseball programs. The successful candidate must possess excellent communication skills and experience in interaction with minority students. Salary range is \$16,000-\$20,000 with a 10-month contract. Candidate must be a college graduate. Recruiter/counselor background is desirable.

Submit a letter of application and resume with the names and telephone numbers of at least three major references to: Dr. Bruce Prall, Athletic Director, Marian College, 45 South National Ave., Fond du Lac, WI 54935. Deadline for applications is January 15, 1987, with position to be filled as soon thereafter as possible.

### Open Dates

**Player-Coaches Football.** Want player-coaches for British-American Football League, England, summer 1987. Write for details: Athletic Enterprises, 6941 Antigua Place, Sarasota, Florida 33581, PH: 813/921-4966.

**Basketball in New Zealand.** Wanted: Division III men's basketball team to play in New Zealand last two weeks August 1987. Write for details: Athletic Enterprises, 6941 Antigua Place, Sarasota, Florida 33581. Phone: 813/921-4966.

**East Carolina University** is seeking one team to complete the four-team Division I Lady Pirate Classic Tournament on December 4 and 5, 1987. Guarantee available. Call Emily Manwaring at 919/757-6384.

**Football Division III.** Grinnell College, Grinnell, Iowa, needs games for September 17 or September 24, 1988, and September 16 or September 23, 1989. Contact: Coach John Martinek, 515/236-2565.

**Division III Football.** Alfred University 9/26/87, 10/1/88, 9/30/89, 9/29/90, 10/24/87, 10/22/88, 10/21/89, 10/20/90. Contact: Gene Castroville, 607/871-2193.

## Assistant Football Coach Idaho State University

**QUALIFICATIONS:** Previous football coaching experience, preferably at the college level. Demonstrated integrity and leadership. Experience in recruiting, on field coaching, and administrative duties.

**EDUCATION:** Minimum of bachelor's degree, master's preferred.

**RESPONSIBILITIES:** To coach one of the major segments, preferably offensive line. Recruit in high school and junior colleges of the West. Additional responsibilities as assigned by the Head Football Coach.

**SALARY:** Commensurate with qualifications and experience.

**APPLICATION DEADLINE:** December 20, 1986.

**DATE OF APPOINTMENT:** January 1, 1987.

**APPLICATION PROCEDURES:** 1. Letter of application. 2. Complete resume. 3. At least three (3) current letters of recommendation (within the last year).

All applications should be forwarded to:

Jim Koetter  
Head Football Coach  
Athletic Department #8173  
Idaho State University  
Pocatello, Idaho 83209

ISU Is An Equal Opportunity Employer

## HEAD COACH MEN'S GOLF

The University of Arkansas is seeking a head golf coach for the men's program beginning as soon as possible, but not later than spring semester, 1987.

**Qualifications:** Minimum baccalaureate degree, master's degree preferred. College coaching experience—three years, with head coaching experience preferred. Must have knowledge of NCAA rules and regulations. Must stress environment for high academic success.

The head golf coach will have complete authority in the administration of the program, budget, recruiting, scheduling, etc., in compliance with the University and Athletic Department policies and procedures. The coach will be responsible for the evaluation and work of the support staff. Specific help will be provided the incumbent in methods of academic support and compliance goals.

Salary commensurate with experience and qualifications.

**Deadline for Applications:** December 24, 1986.

**Send letters of application and resume to:**

Dr. Fred Vescolani  
Associate Athletic Director  
Broyles Athletic Complex  
University of Arkansas  
Fayetteville, AR 72701  
(501-575-3758)

The University of Arkansas is an  
Equal Opportunity Employer, committed to  
a program of Affirmative Action.

## HEAD FOOTBALL COACH VIRGINIA TECH

Virginia Polytechnic Institute & State University is now taking applications for the position of head football coach. The individual selected will be responsible for all duties relative to a Division I-A football program. The individual will report to the Director of Athletics.

Applicants must have a bachelor's degree and coaching experience on at least the Division I-AA level. Demonstrated qualities of leadership and motivation are imperative—as is the ability to interact effectively with students, faculty, administrators, alumni, and the general public. The coach is expected to have both a knowledge and a respect for all NCAA regulations in the sport of football.

Salary and other terms of employment will be based on background and experience. The appointment will be effective January 1, 1987.

Virginia Tech, the State's land-grant university, is a major independent in football. Its opponents include other independents, as well as schools in the Atlantic Coast and southeastern conferences. Home games are played in Lane Stadium, which seats 52,500 people and has permanent lighting.

All applications and recommendations should be addressed to:

Dr. W. R. Van Dresser  
Vice President for Administration & Operations  
Virginia Tech  
Blacksburg, VA 24061

December 22, 1986, is the deadline for receipt of all materials.

Virginia Tech is an  
Equal Opportunity, Affirmative Action Employer

# Highest injury rates occur in wrestling, women's gymnastics

Football injuries continued to decrease during 1985-86, while wrestling and women's gymnastics remained the most injury-ridden of seven sports covered by the NCAA's injury-surveillance system.

Data collected during the system's fourth year indicate that football injuries dropped to fewer than seven per every 1,000 "athlete exposures," or times that one athlete participates in one contest or practice where there is a possibility of injury. The rate was 6.81 for each 1,000 athletes exposed, compared to 7.22 the previous year and 7.33 in 1983-84.

Football's injury rate remains smaller than those for wrestling, which was highest at 10.84, and women's gymnastics, which was 9.38. Women's lacrosse and baseball shared the lowest injury rate—3.37.

The 1985-86 rates were obtained from at least a 10 percent sample of the NCAA membership in all three divisions for each of the sports except baseball, where the sample fell short of 10 percent. Athletics trainers at institutions completed forms once a week indicating numbers of practices and contests, types of playing surface, numbers of participants, and numbers of injuries that kept players from participating for one day or more.

The system was created in 1982 to provide current and reliable data on injury trends in intercollegiate athletics.

Since then, the combined injury rate for football through four years is 7.12 for each 1,000 athletes exposed, based on 11,746 reported injuries and 1,649,620 exposures.

Last season, as in previous years, the most commonly injured parts of the body among football players were knees, ankles, shoulders and upper legs. The most common injuries in 1985 were sprains (ligaments), strains (muscles), contusions, fractures and concussions.

Analyzed by positions played, the football data indicate that running backs and flankers/wide receivers suffer the highest injury rates (0.47 and 0.45, respectively), followed by offensive ends (0.38), defensive safeties (0.38) and defensive halfbacks/cornerbacks (0.36). The rates are adjusted

## History of MIAA recounted in book

A book that highlights the 90-year history of football in the Michigan Intercollegiate Athletic Association has been published.

The illustrated history was co-authored by Todd Harburn, M.D., a 1978 Hope College graduate who was an all-MIAA defensive back his senior year, and his father, Gerald Harburn. Todd Harburn is in his final year of an orthopedic surgery residency at Lansing General Hospital. Gerald Harburn is vice-president and co-owner of Tomblinson, Harburn and Associates, architects and planners in Flint, Michigan.

"I became interested in the history of the MIAA while a student at Hope and realized that there wasn't a single source for this information," said Todd Harburn.

The MIAA is the oldest collegiate athletics conference. The Harburns spent the last six years combing the archives of MIAA schools and Michigan newspapers.

Their book contains team pictures of most MIAA championship football teams, dating back to 1894. They have also included year-by-year scores of MIAA teams and each school's all-MIAA players.

Interspersed throughout the volume are newspaper articles highlighting accomplishments by team. There are also action photos from every era and pictures of the current home stadiums of each team.

For further information, contact MIAA Football, c/o Dr. Todd E. Harburn, 2417-8E Jolly Rd., Lansing, Michigan 48910.

to account for the greater numbers of student-athletes who are classified as, for example, down linemen compared to those classified as quarterbacks.

Other findings for 1985 are that the injury rate in football games was 39.46 per 1,000 exposures, compared to only 4.41 in practice, and the rate on artificial turf was approximately 1.6 times higher than on a natural surface (10.16 compared to 6.18, considering both contests and practices).

In the other six sports, where data have been collected since 1983-84, injury rates remained relatively steady, except in men's lacrosse and women's gymnastics. The rate for men's lacrosse fell to 5.82 per 1,000 exposures from the previous season's 7.96, while the rate for women's gymnastics increased to 9.38 after falling during the first two years from 10.23 to 7.94.

However, it remains difficult to draw reliable conclusions about injury-rate trends in some of the six sports, including women's gymnastics. Even though samples included at

least 10 percent of the sponsoring institutions in each sport except baseball, some still are small. Also, sample sizes for some of the sports have varied considerably through three years of study, making year-to-year comparisons even more potentially misleading.

Making further comparisons between all seven sports based on 1985-86 data, the study reveals that the difference between game- and practice-injury rates is considerably greater for football than for the other sports. The football game-injury rate is approximately 10 times higher than the practice rate, while game-injury rates in the other sports range from 2.24 to 4.58 times higher than practice rates.

Although wrestling posted the highest total-injury rate, women's gymnastics recorded the highest rate of injuries requiring surgery—1.04 per 1,000 exposures. That rate is more than twice as high as the surgery-injury rate of 0.47 for football. Baseball's injury-surgery rate of 0.17 was

Football Injury rates (1982-85)			Injury and surgical rate for seven sports (1985-86)		
Year	Reported Injuries	Injury Rate*	Sport	Total Injury Rate	Surgery Injury Rate
1982	2,967	7.17	Wrestling	10.84	0.84
1983	2,572	7.33	Women's Gymnastics	9.38	1.04
1984	3,220	7.22	Football	6.81	0.47
1985	2,987	6.81	Men's Lacrosse	5.82	0.23
Combined	11,746	7.12	Women's Volleyball	5.44	0.31
*Per 1,000 athlete exposures, including games and practices			Women's Lacrosse	3.37	0.29
			Baseball	3.37	0.17

lowest among the sports.

Data from the system will be reviewed by the NCAA Committee on Competitive Safeguards and Medical Aspects of Sports, which will meet during January in Kansas City. The committee uses the system in its efforts to reduce injury rates through suggested changes in rules, protective equipment or coaching techniques.

For the fifth year of the study, the committee revised forms being used this season for football. The revised forms are enabling athletics trainers

Rates are per 1,000 athlete exposures, including games and practices

to provide more details about football injuries.

Also, the system is being expanded for the first time since 1983. This year, data will be collected and analyzed for women's softball, men's and women's soccer, field hockey, men's ice hockey and men's gymnastics, bringing to 13 the number of sports covered by the system.
